

## Lansing Officials Deny Magazine Scare Story On Gamma Globulin

LANSING (AP)—The State Health Department officially denied charges in a national magazine (Look) today that Michigan was one of 15 states that did not use all the gamma globulin they were entitled to this summer.

At the same time, officials revealed there is growing concern that the polio-fighting injection may be doing more harm than good.

State officials described as "scare tactics" a statement in the article that if the offending states had used gamma globulin to the fullest "many children now crippled might have escaped paralysis."

The article charged that six states did not use gamma globulin for mass inoculations at all and that nine others, including Michigan used it only on a limited scale.

"In dozens of counties throughout these 15 states," the article said, "the number of new polio cases reported each week had risen to a level that made mass inoculations imperative. State health officials needed only to apply to the Office of Defense Mobilization ODM to obtain the GG. But neither the ODM nor the U. S. Public Health Service could force states to use gamma globulin."

Dr. Albert E. Heustis, state health commissioner, said that only Marquette County met the ODM criteria for the epidemic use of gamma globulin. When the county met these criteria, he said, his department promptly applied for and got enough gamma globulin to inoculate 9,203 children between one and nine last July.

### Results Questioned

He said the magazine article writer may have used the standards of the National Foundation for Infantile Paralysis to determine that other counties in Michigan had outbreaks that

## Court Frees 3, Raps Treatment Of Psychopaths

LANSING (AP)—The Michigan Supreme Court, in one of its heaviest opinion days in years, Monday freed three men from state institutions and slapped the state's failure to provide proper treatment for criminal psychopaths.

Freed were: Quillie Carter of Detroit, held in the Ionia Hospital for the Criminal Insane since last December; Everett L. Fink of Hillsdale, held in the same hospital since March 25, 1949, and Bernard Colin, held in Southern Michigan Prison since 1951 on a 23-year-old charge.

Both Carter and Fink were discharged on the grounds that a panel of psychiatrists had failed to establish properly the two men were criminal sexual psychopaths. Carter was arrested on suspicion of attempted rape and Fink for arson.

In Fink's case, especially, the court said the inmate was sent to prison under a law requiring curative treatment. But, it said, Fink spent his time in Southern Michigan Prison and at Ionia as a laundry worker and nurse.

"We see no difference," the court said, "between incarceration in a state prison as punishment for a crime and confinement in the prison as a psychopathic person if the latter is treated simply as another member of the general prison population."

"At least the criminal prisoner can look forward to his release upon the expiration of his term, but the psychopath has no hope of regaining his liberty until cured, a result which there may be but little likelihood of attainment unless he receives the care and treatment for which he was committed."

### No Authority

The Supreme Court said the state had no authority to hold Colin any longer. He had been sentenced in Detroit Nov. 6, 1925, for a burglary and was paroled the following year. He broke his parole and disappeared.

The court said Colin had served several prison sentences in other states since then and that in 1934 and 1937 Michigan had refused to bring him back to complete his sentence here, pleading lack of funds for the trip. In 1951, he was

# Taft-Hartley Law Ends Big Dock Tieup; Unions Wrangle

## Suspect Kills Boy, Wounds Policeman In Chicago Escape

CHICAGO (AP)—A young suspected auto thief killed an 11-year-old boy and wounded a policeman Monday night as he shot his way out of a South Side police station.

Scores of policemen combed the far South Side throughout the night for the slayer. Top police officers directed the hunt in the area near east side police station at Ewing Ave. and 101st.

The shooting started in the East Side Station as detectives questioned Carey Robinson, 19, and Leon Freeman, 15, who had been arrested in a stolen car.

Policeman Stanley Szymanski said Robinson whipped a gun from his belt and fired one shot which struck policeman James Quinlan, 40.

Robinson ran down a corridor leading to the front door and fled from the station, firing two shots as he got outside. One of the bullets struck Daniel DeCero, 11, in the head. The boy who was on his way to a store, died shortly after arrival in a hospital. Quinlan, shot in the groin, was in serious condition.

C&NW ORE TRAIN DERAILED—Nine ore cars and three of a four-unit diesel locomotive were derailed 32 miles west of Escanaba on the C&NW Railway's "ore line" Sunday evening, and this is the scene as railroad crews work to clear the wreckage by Wednesday morning. No one was hurt when the train hit a broken rail and caused what was described "as the worst ore train wreck in years." (Gene Auger Photo)

## Sen. Knowland Rips Stevenson Proposal To Appease Russia

WASHINGTON (AP)—Sen. Knowland (R-Calif.) let fly Monday with a double-barreled blast against the kind of non-aggression pact with Russia proposed by Adlai E. Stevenson and against what he termed yielding by India to some Red China policies.

Knowland is Republican floor leader in the Senate, but he maintained he was speaking for himself, not as a member of the Eisenhower administration. There was no White House comment, but Sen. Theodore F. Green (D-R.I.) said: "I hope he is not reflecting White House views. . . . Does he think we can fight the whole world alone?"

### Rebuke For Nehru

Fresh from weekend conferences with President Eisenhower and Secretary of State Dulles, Knowland told a news conference he would oppose any pact guarantee-

ing Russia's borders unless the Soviets agreed in advance to free elections in their satellite nations. Knowland verbally spanked Prime Minister Nehru of India. He said Nehru speaks for only a part of Asia, and that if Nehru's voice was paramount the ultimate communication of Asia would be in prospect.

Knowland, just returned from a world tour, accused India of "yielding to the policies of the Chinese Communists before there is any peace conference in Korea" and "handicapping the peace as they handicapped the war."

### Ridiculed By Colleague

The Californian struck out directly at a proposal by Stevenson, the 1952 Democratic presidential nominee, that the United States offer Russia a system of nonaggression guarantees in a move to force a showdown with the Soviets in the cold war.

Stevenson said after a White House conference last Thursday that Eisenhower was weighing the suggestion.

Sen. Green, like Knowland a member of the Senate Foreign Relations Committee, said the Republic leader "sounds like the small boy watching a parade who said, 'Everybody's out of step but my papa.'"

"I hope he is not reflecting White House views," Green said. "Can't we get on with anyone? Does he think we can fight the whole world alone? It's unfortunate he has to put these views on record at such a critical time as we're having in the Korean affair."

At his news conference Monday, Knowland said that if the Soviets were offered a nonaggression pact without conditions, it would be tantamount to freezing the satellites within the Iron Curtain.

## Deputy Expected To Succeed Figy

LANSING (AP)—George S. McIntyre, deputy state agriculture director, today emerged as one of the leading candidates for the vacant job as director.

The \$10,000 a year position was vacated more than a month ago when the Agriculture Commission fired Charles Figy of Morenci, who had held it 10 years. McIntyre was appointed acting director at that time. He said then he was not a candidate for the directorship, preferring to retain civil service status as deputy.

He revealed today, however, he had presented the commission with a letter declaring he would accept the permanent appointment.

The commission has at least 20 other applications, but there were indications that McIntyre's change of mind was urged on him by some of the commissioners. He was understood to have the inside track for the appointment.

## Mother Admits She Embezzled \$30,000 Off C&NW Workers

CHICAGO (AP)—A 52-year-old mother with a love of travel today in Federal Court faces a charge of embezzling \$30,000—money she told a prosecutor she spent on good living and on trips to Florida, Bermuda and New York City.

Mrs. Olga Pechukas, smartly dressed, gray-haired \$292-a-month stenographer, told assistant state's attorney Abbey Blattberg she embezzled \$30,564 from the credit union of Chicago and North Western Railway employees during the 10 years she was its treasurer.

Mrs. Pechukas drew a \$25 monthly salary from the credit union. The prosecutor said Mrs. Pechukas explained she kept a double set of books and withheld deposit slips for amounts she took. She would withhold other deposits to cover up previously defalcations when a depositor sought to withdraw his money.

Mrs. Pechukas, mother of three grown children, resigned her position with the North Western Aug. 31, about a month after an auditor discovered irregularities in the credit union's accounts. Her husband, George W., is a North Western switchman.

## Six Red Leaders Arrested By FBI

WASHINGTON (AP)—Att. Gen. Brownell today announced a roundup of six additional officials of the Communist party. The arrests were made by FBI agents in Cleveland, Lorain and Steubenville, Ohio, and Newark, N. J.

In addition, the announcement said a detainee had been placed against another party functionary now serving time in the Ohio State Penitentiary at Columbus for fictitious car registration.

All of those involved were described as now holding or having held positions in the Communist party apparatus in the Midwest. All were charged under the Smith Act with conspiracy to advocate the violent overthrow of the U. S. government.

The new move represents a continued effort to get into custody second-string leaders of the party for prosecution similar to that which resulted in prison sentences for the 11 top leaders of the party in 1949.

To date, a total of 98 party officials have been arrested or detained, beginning with the arrest of the 11 in 1948.

## Eisenhower Picks Robert E. Lee As Member Of F. C. C.

WASHINGTON (AP)—President Eisenhower today chose Robert E. Lee, Washington, D. C. Republican, to be a member of the Federal Communications Commission. Upon Senate confirmation, Lee's appointment will round out the full membership of the seven-man commission and give Republicans a 4-3 majority.

Lee, 41, will replace Paul A. Walker, Oklahoma Democrat, whose term expired July 1. The terms run for seven years.

Lee now is director of surveys and investigations on the House Appropriations Committee. He was with the Federal Bureau of Investigation for eight years ending in 1946.

## Manistique Man Fined \$30,000

DETROIT (AP)—Elmer T. Lundstrom, a Manistique automobile dealer, today was fined \$30,000 in Federal Court after he pleaded no defense to an indictment charging evasion of \$108,000 in income taxes.

Federal Judge Theodore Levin said he had considered sending Lundstrom to prison but had refrained from so doing because of the defendant's poor physical condition.

Lundstrom, 57, has been ailing since the indictment was returned last March.

Judge Levin also noted Lundstrom had settled his \$108,000 civil liability with the government for \$212,000, covering the tax delinquency plus penalties and interest.

The Upper Peninsula auto dealer was accused of concealing income from 1946 to 1948 by destroying invoices on new cars and by handling used car trade-ins through a third party so the profit would not show on his books.

## Indian Troops Won't Halt Mass Break Of Anti-Reds In Korea

By MILO FARNETTI and GEORGE MCARTHUR  
PANMUNJOM (AP)—The senior Indian officer in Korea said today that Indian troops would not attempt to halt a mass breakout of anti-Communist war prisoners because of the "terrible slaughter" that would follow.

Lt. Gen. K. S. Thimayya made the statement at a news conference even as thousands jammed streets in the South Korean capital of Seoul in a demonstration against Indians guarding POWs who have refused to go home.

India is chairman of the five-nation repatriation commission. Thimayya said, "We are not concerned if South Korea threatens us because we have the huge U.N. Command" and Communist forces "at our disposal."

He said the U.N. Command was responsible for preventing South Korean troops from entering the neutral zone to attack Indian forces.

Asked if the 5,500 Indian troops guarding the POWs would try to quell a mass escape attempt, Thimayya answered with a flat "no."

## First Snow Flurries Reported In Houghton

(By The Associated Press)  
A fast moving cold air mass blew into Michigan today sending thermometers falling and depositing the state's first snowfall in the Houghton area.

The Weather Bureau said the cold air mass moving south from Canada, would halt over Michigan for the remainder of the week, bringing below normal temperatures to most sections of the state. Houghton reported snow flurries Monday night when thermometers dipped to a low of 36.

Rain fell on most parts of the state Monday and early today. Temperature lows around the state included Cadillac's 41; Sault Ste. Marie 35; Alpena 42; Lansing 46; and Detroit 48.

## Wharf Workers Return To Jobs On East Coast

NEW YORK (AP)—Longshoremen went back to work on New York docks bright and early today in compliance with a court order halting their "no contract, no work" strike in East Coast ports.

In hiring shapereps at several piers, several hundred members of both the International Longshoremen's Assn. which was recently evicted from the AFL and members of a new rival AFL union reported for duty speedily and without incident.

### Gangs Not Mixed

There were no mixed work gangs, however, for the rival unions control workers at different piers. The court order issued Monday night enjoining further strike activity for 10 days under Taft-Hartley law provisions left unsettled the basic jurisdictional dispute between the ILA and the new AFL organization, and there have been indications of further work stoppages in the interunion struggle.

The five-day tieup of ports from Maine to Virginia cost an estimated 7½ million dollars in New York.

President Eisenhower Monday ordered the Justice Department to seek a Taft-Hartley injunction.

Asst. Atty. Gen. Warren Burger flew to New York with a petition and Federal Judge Edward Weinfeld ordered a 10-day halt in the strike to prevent "immediate and irreparable injury" to the national welfare. He set next Tuesday for a formal hearing, at which he is expected to extend his order to the full 90-day period permitted under Taft-Hartley.

### Present Wage \$2.27

Weinfeld's order quickly was served on Patrick J. Connolly, ILA executive vice president, and he directed the return to work of an estimated 50,000 to 60,000 ILA dockers from Portland, Maine, to Hampton Roads, Va.

The ILA's strike followed failure of the union and the New York shipping Assn., representing 170 shipping and stevedoring companies, to agree on a new contract. The ILA asked a wage-warehouse package of 13 cents an hour. The employers offered an 8½ cents package. The present basic rate is \$2.27 an hour.

## Sarnia Smashup Claims 4 Lives

SARNIA, Ont. (AP)—Violent, multiple death that so often rides in automobiles jumped the international boundary from Michigan Monday night and took four lives here. It had claimed five near Saginaw, Mich., only hours before.

Members of three generations of one family were killed in a smash-up on the outskirts of Sarnia. Three persons were critically injured.

Two cars hit head-on, police said, when Arnold Wiles, 43, attempted to pass a truck and pulled into the path of an oncoming car driven by Jack Miller, 23.

Wiles, driving three women and a baby home from a bingo game was killed. So were two of the women and a baby. Miller and his passenger, Ambrose Stark, 33, were critically hurt. All were from Sarnia.

The only person in Wiles' car to survive was Mrs. Pauline Kettle, 18, whose 6-month-old daughter, mother, Mrs. Mary Walsh, 42, and grandmother, Mrs. Julia O'Connell, 72, were killed.

The five were killed outside Saginaw on M-13 as a new convertible loaded with 10 persons slammed into a concrete bridge abutment. Five who survived were critically injured.

Among the victims was Mrs. Bernice Wood, 30, of Shields, Mich., mother of four, and Mrs. Tula Griffen, also of Shields, mother of three.

## Swim Postponed

THERAPIA, Turkey (AP)—America's long-distance swimmer, Florence Chadwick, today postponed until Wednesday her scheduled roundtrip crossing of the Bosphorus because of choppy seas.

## Break Is Denied In Kansas City Kidnaping Case

By AL DOPKING  
KANSAS CITY (AP)—In a voice strained with emotion, a spokesman for the wealthy parents of Bobby Greenlease today said there had been absolutely no contact with the kidnapers of the 6-year-old boy.

Stewart Johnson, close friend of the family's, appeared at the door shortly before 11 a. m. (CST) of the huge Greenlease mansion and told newsmen: "There has been no contact with a go-between. There has been nothing."

Eyes Tear-Filled  
Johnson's eyes were filled with tears. His voice broke as he said: "The door is open to have little Bobby return. Reports a contact has been made with the kidnapers are absolutely untrue."

It was the first time since Monday morning that the family has said anything "no comment."

Earlier in the day, a missing spokesman at the home had aroused speculation a break might come any time in the 9-day-old case.

The spokesman, Robert Ledterman of Tulsa, hasn't been seen at the home of the 71-year-old father, Robert C. Greenlease, since early Sunday morning. Other associates of the family have met all queries about Ledterman with the statement that he was resting and couldn't be disturbed.

### Plenty Of Money

Stirring more mystery about the quiet efforts of the family to get their son back was a visit to the home last night by President Eisenhower's banker-brother.

Arthur B. Eisenhower spent 15 minutes at the home. As he left he told newsmen he could give them no information. He declined to say whether Ledterman was in the house. Earlier in the day a nurse at the home said she hadn't seen Ledterman around Monday.

Greenlease, an automobile dealer and distributor, has said he would give anything to get his son back. However, the family has denied published reports a \$500,000 ransom had been demanded.

Greenlease is considered one of the 10 richest men in Kansas City.

### Nothing From FBI

Rumors became rampant here yesterday. One report circulated had a payoff set for Chicago. Paul Greenlease, adopted son who is associated with his father in business, said there was nothing to a report that the ransom payoff has been set for Chicago.

The FBI here and at Washington met all queries about the case with "no comment." The agency declined to say whether it had entered the case officially under the Lindbergh law.

A woman who posed as the boy's aunt kidnaped him from the exclusive French Institute of Notre Dame De Sion a week ago Monday. She told the nun in charge that the boy's mother had suffered a heart attack and she had come to take Bobby to the hospital. They drove off in a taxicab.

## President Tells Of Bomb Menace

ATLANTIC CITY, N. J. (AP)—President Eisenhower declared today that peace can be won "slowly and tortuously"—but only if the Western Powers "build maintain and pay for" the military might that would secure them from an H-bomb attack.

With Russia dedicated to "world domination," Eisenhower said, the free world is "forced to concentrate on building such stores of armaments as can deter any attack against those who want to be free."

The President pictured for a church women's assembly the sudden mass destruction which would accompany atomic war. He said: "This titanic force must be reduced to the fruitful service of mankind. If it is within the power of your leaders, with God's help, it will be done."

Eisenhower flew to Atlantic City this morning to address the sixth national assembly of the United Church Women of the National Council of Churches of Christ.

## No Decision On Press Tonight

A decision concerning the sale of the Escanaba Daily Press, originally scheduled to be made this evening at a meeting of the Escanaba Board of Education with Atty. James E. Frost, executor of the John P. Norton estate, has been temporarily postponed.

The legal form of documents proposed by the American Institute of Management, New York City, and by Jackson Martindell, its president, upon behalf of the proposal of the Escanaba Daily Press employees, and financial statements of the non-profit foundation and Mr. Martindell will be presented to the executor and the Board of Education before a decision is reached.

The Board of Education will meet tonight, however, to confer with Howard Kern, of the Perkins and Will architectural firm, concerning plans for construction of the new elementary school.

## Upper Peninsula Briefs

**IRON RIVER**—Women of the Twentieth Century club at their annual dues-paying luncheon at the Iron River Country Club Saturday afternoon, pledged their full support to their honored guest, Mrs. R. I. Prout, of Wakefield and Minneapolis, for first vice-president of the General Federation of Women's clubs.

**MENOMINEE**—Investigation continues into the safe-cracking late Saturday or early Sunday at Ed's Market operated by Edward Wiltzuis, Marinette, in which \$560 was stolen, along with several cartons of cigarettes, reports Police Chief Anos Jensen. In addition to theft of the money, store records, including sales tax reports, social security blanks and employment registrations of school students were taken. Also missing was a beer case from which 24 bottles had been removed, which police believe was used to carry away the loot.

**MENOMINEE**—Anton Bartos of Milwaukee was elected president of the Wisconsin and Upper Michigan Western Bohemian Fraternal Association at the closing session yesterday of the 1953 convention held here Saturday and Sunday. Bartos succeeds Frank Cerny of Manitowoc, Phillips, Wis., was awarded the 1954 meeting, winning over Two Rivers after a close vote.

**MARQUETTE**—The steamer Maryland, of the Bethlehem Transportation Co., is in drydock at Superior, Wis., after having been towed from Marquette by the steamer Johnstown, flagship of the same fleet. The Maryland was driven ashore about five miles east of Marquette during a bad storm on the morning of Sept. 12. The ship was pulled off by the U. S. C. G. Mackinaw. This tow across Lake Superior was probably the fastest of its kind in the history of the Lakes. The Johnstown commenced its tow at Marquette about 1 p. m. on Tuesday, Sept. 22 and arrived off Superior about noon on the 23rd.

## Nine Ore Cars, Three Diesels Derailed On C&NW; Crew Unhurt

Wreckage of an eastbound Chicago & North Western ore train today was being cleared from the railway's "ore line" 32 miles west of Escanaba following a derailment in which three diesel locomotive units and nine cars jumped the track.

None of the members of the train crew was injured. John Nystrom was engineer and Louis Morin conductor of the train. Both are of Escanaba. "They were just lucky," said a railway spokesman after viewing the scene of the wreck near the top of Sumac Hill approximately half way between Escanaba and Iron Mountain.

**Diesels, Cars Derailed**  
A broken rail is believed to have caused the derailment of the eastbound ore train. The "ore line" is used exclusively for ore trains coming to Escanaba and the C&NW docks. The accident occurred at 6 p. m. Sunday. The first unit of the four-unit diesel pulling the 127-car ore train stayed on the tracks after derailed the broken rail.

The second diesel unit was derailed but did not turn over, while the third and fourth diesel units turned over and one is tipped to greater than a 45 degree angle.

Nine cars behind the diesel units went off the track and the seventh and eighth cars were badly damaged.

**Line Being Cleared**  
The wreck was about one mile from the nearest approach by automobile, and seven miles east of the point where US-2 crosses the railway line.

Wreckers were ordered out of Escanaba and Green Bay to immediately begin clearing the tracks. Meanwhile traffic is being routed via Powers into Escanaba. The line is not expected to be cleared for traffic before 8 a. m. Wednesday, although there is the possibility it may be opened sometime tonight.

Each of the diesel units weighs

### Formal Opening Of Club 314 Tonight

The Escanaba Recreation Center, Club 314, will open for the 1953-54 season at 7 p. m. this evening.

The public is invited to visit the Club tonight for the formal opening. The building, at 330 S. 14th St., has been redecorated and new facilities have been added for the winter months during which Escanaba young people will attend.

Club 314 will be open to all boys and girls 12 through 18 years of age. Some 450 youngsters are expected to use the Club.

### Hunters Fined For Duck Law Violation

Alvin Kinberg of Hermansville and Harvey Anderson of Norway yesterday pleaded guilty in Justice Henry Ranguette's court to a charge of shooting ducks after closing hours and were ordered to pay fines and costs of \$19.35 each.

They were arrested Sunday evening by conservation officers. Lester Pepin, 507 N. 18th St., arrested Oct. 1 for using an illegal shotgun, pleaded guilty in Justice Ranguette's court Oct. 2 and was ordered to pay fine and costs totaling \$19.35.

### Get Tomatoes In, Weatherman Warns

Anyone with tomatoes still in his garden had better pick them today and let them ripen indoors, U. S. Meteorologist S. E. Decker warned this morning.

Otherwise the tomatoes will probably freeze tonight, he said. Tonight should mean the end of more tender flowers hereabouts too, he said.

Tonight's cold weather will be pretty general throughout this area, Decker stated. The cold will continue a couple of days.

The weatherman predicted there are still Indian Summer days to come, however.

## MUCC To Meet Here Oct. 10-11

On Saturday and Sunday, Oct. 10-11, Escanaba will be host to the first meeting of the MUCC (Michigan United Conservation Clubs Board of Directors) to be held north of the Straits of Mackinac. The meeting is expected to attract nearly all of the 79 officers and directors of the state-wide sportsman's organization as well as officers and members of affiliated clubs.

Sessions of the meeting will be held at the City Hall council chambers beginning at 9 on Saturday morning, continuing in the afternoon and on Sunday morning. As is the case with all meetings of the MUCC, the sessions will be open to all interested persons.

In his announcement of the meeting, J. J. Gaines, secretary-manager of the MUCC, said "Although it has been considered, the board — which decides the dates and location of all of its meetings—had never before agreed to meet in the U. P. because of the long distance.

"Convinced of the urgent need for a united front for conservation in Michigan which calls for a closer union between the sportsmen and conservationists of both the Upper and Lower Peninsulas, the board decided this month's meeting should be at Escanaba."

Aiding that decision was the fact that the most important item on the October agenda will be plans for an "Upper Peninsula Pre-MUCC Convention Annual Meeting" to be held in the UP some time in March for MUCC affiliated clubs in the two districts contained in the UP. At that meeting in the spring questions pertinent to the peninsula can be discussed and decided upon so that they will get full consideration at the regular annual MUCC convention in June in Petoskey.

In preparation for the weekend meeting Harry R. Gaines, MUCC secretary-manager is meeting with a number of affiliated clubs in the peninsula. He is urging all sportsmen's clubs whether affiliated or not to send visitors to the gathering. Gaines' tour of clubs includes Mackinac Conservation Club at St. Ignace, Schoolcraft County Sportsmen's Club at Manistiquette, Wolverine Sportsmen's Club at Baraga, Indian Head Conservation Club and Ironwood Conservation Club at Bessemer.

### Bark River

**4-H Busy Bees**  
BARK RIVER — An organizational meeting of the Bark River Busy Bees 4-H Sewing Club will be held Wednesday at 8 p. m. in the home of Patricia Bolm. New members are invited.

## LITTLE LIZ

## Navy Wins Back Jet Speed Mark

THERMAL, Calif. (AP)—Straking an average of 753.4 mph, the Navy's new F4D Skyray intercepter has won back the world's measured course record for the United States and now will be given further tests at sea.

Lt. Cmdr. James B. Verdin, 35, youthful looking combat hero of both World War II and Korea, piloted the jet flying-wing-type Douglas plane to the new record Saturday about 150 feet above the hot sands along Southern California's Salton Sea.

On each of his four arrow-straight passes over the 3-kilometer (1.863 mile) course, Verdin averaged each mile in less than five seconds. His fastest pass—761.414 m. p. h.—was only 31 less than the speed of sound along the course, where the mercury read 98.5 degrees. Sonic speed varies with temperature and altitude.

Verdin and the Skyray erased the 737.3 m. p. h. record set by British Cmdr. Mike Lithgow in a Vickers Supermarine Swift at Libya only last Sept. 25.

## UNHALLOWED HALLOWEEN

Halloween was not a holiday, that is a holy day, but really an unholy day or night. According to an old time belief, on the eve of the Feast of All Saints, or All-Hallows, all the devils, imps, hobgoblins, and other bad spirits were released from their fiery prison for just one night of freedom and mischief-making.

## Business Is Good!

More people everyday are beginning to realize that they can buy a large variety of merchandise . . . in one stop . . . Everything from gas and oil . . . meats and groceries . . . beer and wine . . . candies and tobaccos . . . ice cream, magazines, snack items, household articles, etc.

## Iran Proclaims Death For Reds

TEHRAN, Iran (AP)—Iran's government warned it is going to enforce the four-year-old outlawing of the Communist Tudeh Party—with the death penalty if necessary.

The tough anti-Red talk came from Chief Prosecutor Hossein Azemodh, whose forces Sunday made public a 20-page indictment that could bring the death by hanging of the Communists' former tacit ally, ex-Premier Mohammed Mossadegh.

After weeks of questioning, Mossadegh was formally charged with trying to overthrow Iran's monarchy and inciting the defiance of Shah Mohammed Reza Pahlavi which boomeranged to bring the premier's downfall.

Mossadegh during most of his 28 months in office allowed the Tudeh to flourish unchecked, despite the 1949 decree outlawing it. In return, the Reds swelled the street crowd who were the chief support of the premier's oil nationalization program and his subsequent near-dictatorship.

Azemodh, however, warned that anyone trying to revive the Tudeh or helping to set up Red cells would be tried by an army court and hanged.

## U. P. Bottlers Convene Here

Members of the Hiawatha Bottlers Association, an organization made up of manufacturers and distributors of soft drinks in the Upper Peninsula, will meet in annual convention in Escanaba tomorrow and Thursday.

About 50 members of the organization are expected to be present at the sessions which will be held at the House of Ludington. Local manufacturers are in charge of entertainment arrangements. Neil Makie, of Newberry, president of the association will preside at the business sessions.

The convention will open tomorrow morning at 9 with the morning and afternoon devoted to matters of business. There will be a banquet in the evening for the convention guests and their ladies.

A sight-seeing trip is planned for Thursday morning when guests will be taken on a tour of inspection of the Harnischfeger plants. The convention will end with a luncheon at noon at the Highland Golf Club.

Among those scheduled to be present and address the convention are Ed Wagner of Madison, Ill., who will represent the National Association of Bottlers; Howard Sprague, president of the Michigan Bottlers Association; Cliff Bracy, assistant chief of marketing and enforcement of the Michigan Department of Agriculture; and Nick Bradovinar, U. P. supervisor of the U. S. Department of Agriculture.

### Briefly Told

**Walter Cole Post**—The Walter Cole Post of the American Legion, Rapid River, will meet tonight in regular session.

**Marriage License**—Donald J. Lange, Waukegan, Ill., and Margaret Cowell, Gladstone Rte. 1, have filed application for a marriage license in the office of the county clerk.

**Fish Patrol Boat**—The Michigan Department of Conservation has replaced the old 22-foot fish patrol boat stationed at Escanaba with a new and speedier 28-foot twin screw Christ-Craft, it is reported by John Chriske, district conservation supervisor.

**Thieves Repeat**—One week to the day thieves last night entered the Escanaba sewage disposal plant by removing a pane of glass from a window. Last week thieves took a portable radio and a supply of mercury valued at about \$70.

**Shotgun Shells Stolen**—Jack Chriske, Escanaba Rte. 1, reported to Escanaba police that four boxes of shotgun shells were stolen last night from his car parked in the 100 block, S. Ninth St. The car door was forced open to gain entrance.

**Barber Shoppers Sing**—All members of the Bay de Noc Barber Shop Chorus will meet at the House of Ludington at 7:45 p. m. Wednesday to sing for the U. P. bottlers' convention. After the concert the chorus will hold their regular weekly rehearsal at the Eagles' Hall, to be followed by lunch and refreshments. The singers will appear in their uniforms, worn last week for the first time at the MEA convention.

### Delinquent Taxes Mailed By Treasurer

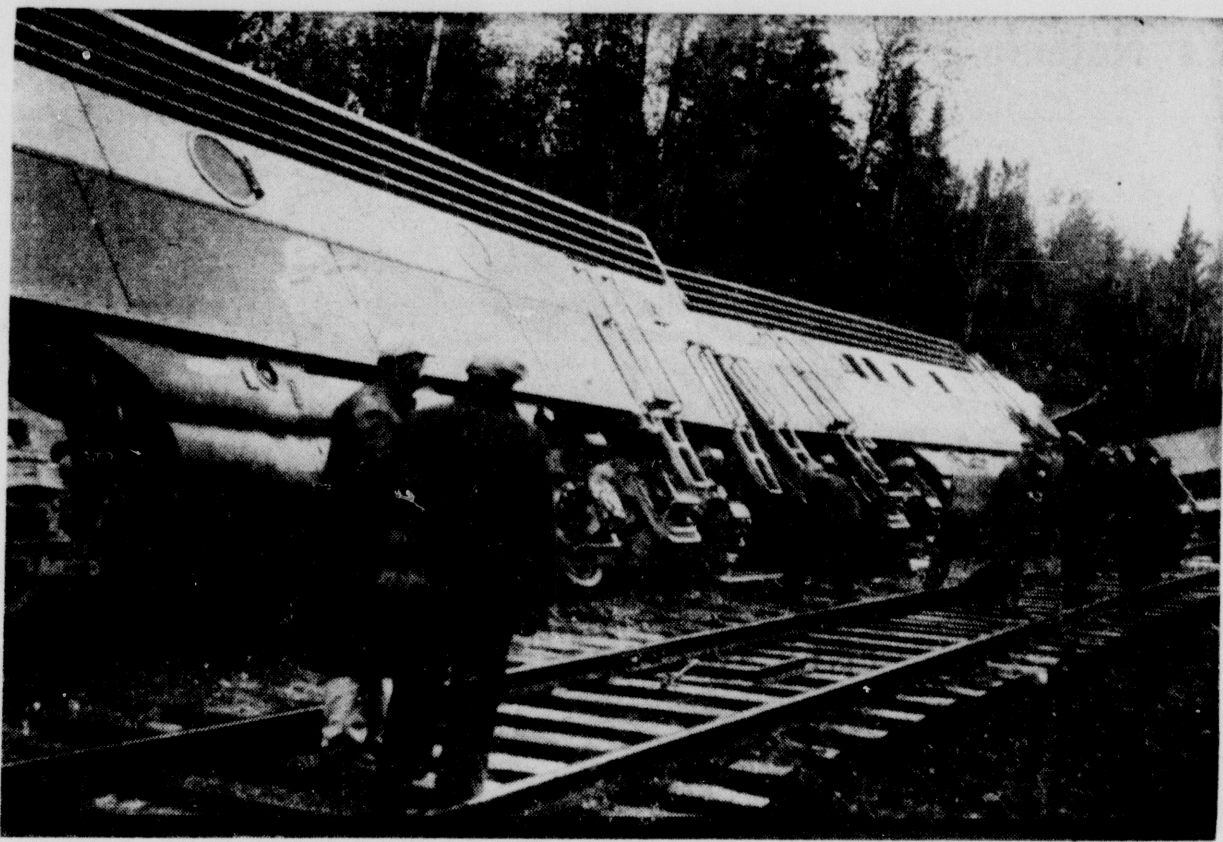

Mrs. Ann Villeneuve, county treasurer, Monday mailed \$3,635.34 in delinquent township, city and village taxes which her office collected during September to municipal treasurers throughout the county.

The Escanaba treasurer was mailed \$1,730.18 and the Gladstone treasurer \$105.80.

Amounts going to township and village treasurers are as follows: Baldwin, \$161.09; Bark River, \$42.39; Bay de Noc, \$123.33; Brampton, \$18.52; Cornell, \$131.27; Ensign, \$135.92; Escanaba Township, \$152.86; Fairbanks, \$37.49.

Ford River, \$146.74; Garden, \$152.31; Maple Ridge, \$170.46; Masonville, \$296.78; Nahma, \$37.53; Wells, \$190.46; Garden Village, \$2.21.

tipped diesels of an ore train to the track. One of the diesels of a four-unit locomotive (left) is tipped at an angle which will make righting it very difficult. (Gene Auger Photo)

## Canada Subject Of Talk By Don Ickes

The excitement felt in exploring Canada's unspoiled Rainy Lake wilderness west of Lake Superior in Ontario was effectively conveyed to the Escanaba Rotary Club by Don Ickes, Escanaba school teacher, who has spent 17 summers in the region.

Ickes talked to the Rotary Club at its meeting yesterday noon at the Delta Hotel. He was introduced by Dr. Roy Johnson of Rotary's program committee.

Tracing the history of exploration of the region where there are few roads and travel is by canoe and trail, Ickes favored recent joint legislation of Ontario and Minnesota designed to maintain the unspoiled character of the recreation area.

Development of iron mines at Steep Rock and other utilization of natural resources has not been halted, however, and Ickes declared:

"I believe Canada today is on the threshold of a real economic awakening. New iron mines are being opened, there is continued exploration for gold and prospecting for uranium."

Ickes is employed each summer at a private camp for boys in the Rainy Lake watershed and a few years ago purchased a two-acre

## Press Editor Talks On Kiwanis Program For Newspaper Week

How freedom and truth became the basis for newspaper reporting was outlined Monday by Escanaba Daily Press Editor Ken Gunderman to members of the Escanaba Kiwanis Club, who were observing National Newspaper Week.

Gunderman also told of efforts being carried on by employees of the Escanaba Daily Press to purchase the local newspaper and thus assure continued home ownership of an institution which has been a part of Escanaba for over 40 years.

Fred Johnson announced the first meeting of committee chairmen preparing for the annual Kiwanis home talent show, scheduled early in November.

**Classified Ads cost little but do a big job**

island from the Canadian government, on which he has built a log cabin.

Ickes teaches English and social studies in Escanaba Junior High School and is in charge of audio-visual education for the public schools.

## U. P. Chinchilla Breeders To Meet Here Wednesday

The Upper Michigan branch of the National Chinchilla Breeders Association will hold its regular meeting Wednesday at 8 p. m. in the banquet room of the Sherman Hotel in Escanaba. Fifty members from the Upper Peninsula and Northern Wisconsin are expected to attend.

The meeting will be devoted to instructions evolving around the campaign this year to place chinchilla fur on the commercial market.

Guest speaker will be Charles Dorigan, field representative from the National Chinchilla Association office in Salt Lake City. He is stopping here on his return from Washington, D. C. where he has been in conference with Stanley Pangborn, president of the Chinchilla Breeders Pelting Cooperative, and with representatives of the fur industry.

### Hospital

Miss Minnie McQueen, 1319 1st Ave. N., has been dismissed from St. Francis Hospital after being confined there for two and a half months with a broken hip.

## Iron Mountain Checks On Community TV Antenna

IRON MOUNTAIN—Preliminary tests for a community antenna, a new development designed to bring clearer reception to television viewers in fringe areas, is under way on Pewabic hill, near the fire tower, by the Jerrold company, of Flint, Mich.

Jerrold workmen started the erection of a temporary test tower yesterday and today the tower had reached a height of 65 feet. By Wednesday, when tests are completed, the tower is expected to be up 100 feet.

If tests are successful, it may result in the construction of a permanent tower and the formation of a local corporation which will provide TV viewers with clear, snow-free reception without individual antennae. Clear reception on four main channels is the goal of the Jerrold company crew.

### Growing Enterprise

According to reports, use of community antennae is becoming a growing enterprise in the nation. More than 150 municipalities are using the central system of reception with good results. The community antenna also is designed to eliminate hazards and dangers connected with networks of individual antennae.

Some cities are considering legislation to control the construction of individual antennae and guidance codes on their erection.

According to the Jerrold officials, the benefits of a community antenna are: consistent, clear, snow-free TV reception regardless of location; elimination of local interference; better reception than any smaller antennae can provide; new chan-

nels, new frequencies and color can be received by the master receiver and converted for all sets, elimination of hazards connected with individual antennae.

### Cabled To Users

If tests prove it feasible to erect a permanent tower, here's how twin city viewers will be serviced: a coaxial cable is run from the tower, on present power and communication poles, to each home which subscribes to the community service; the cable is led into the home and connected with the TV set; no inside or outside antennae is necessary.

The cost of erecting a permanent system on a skeleton basis would come to an estimated \$20,000 which would serve about 50 users. The original cost would increase according to the number of users who subscribe to the service. In many cities, a private corporation is formed to underwrite the expenses and keep the utility operating.

### Monthly Fee

Cost for each user would depend on the number of subscribers. According to plans in operation in other cities, each customer would pay a designated sum to subscribe for the service and thereafter pay a monthly fee for service and maintenance of lines.

According to surveys made in other cities, the subscription cost, and monthly charges are less than installation costs of individual antennae and repair costs of roofs, lead-in wires, insurance and improved sets.

If tests here prove that a community antenna is feasible, several business men are ready to underwrite the project and

## Red Cameras Are Not Banned

PANMUNJOM (AP)—The U. N. Command protested that pictures of anti-Communist war prisoner compounds have been distributed by a Red agency although Indian guard troops have banned cameras in the POW area.

The Allies complained officially to the Neutral Nations Repatriation Commission that pictures distributed by Eastfoto, a Communist picture agency, were published in the Sept. 27 air mail edition of the New York Times.

A letter of protest delivered to the Indian chairman of the commission declared that the photos included "a closeup picture of two of your officers, your official pho-

tographer and identifiable photos of a group of prisoners of war being greeted by your officers."

"We assume now that Eastfoto, an agency of the Communists, has secured and sold such a photograph to the New York Times, you will have no objections to permitting representatives of the press of the free world to take pictures of the CFI (Custodian Force, India) camp where the prisoners of war are held," the letter adds.

Residents of the United States own 52 per cent of the investments in Canada's growing oil industry, latest available figures show.

# NEW '54 DODGE V-8 SHATTERS 85 RECORDS

New '54 Dodge V-8 setting records for cars from 183- to 305-cubic-inch engine displacement (includes majority of stock American cars)

**34 New Performance Records! 51 New Endurance Records!**  
Never before in history has a new car... even before Announcement Day... offered the public such dramatic proof of all-around greatness

Bonneville Salt Flats, Utah, 12:00 noon, Sept. 24. Here at official AAA Testing Headquarters, the new '54 Dodge which will be presented this Thursday smashed 34 official AAA records for speed and acceleration.

The new Dodge with its sensational Red Ram V-8 engine traveled faster than any standard American car ever clocked officially by the AAA!

In tests of stamina and endurance, too, Dodge has already set 51 new records as this is written, with more piling up every hour.

This dramatic achievement in performance and endurance is matched by new elegance, more massive length and flashing style.

See this new '54 Dodge this Thursday at your Dodge dealer's. It is elegance in action!

### New PowerFlite Drive Smashes 41 Records!

Fully-automatic — and fully-proved! 41 of the speed and endurance records were set by a Dodge equipped with new PowerFlite Drive. No automatic transmission in any car can match this record!

## Editorials—

### Now Is The Time To Survey Your Home For Possible Fire Risks

EACH year in October the nation's fire fighting forces and the fire insurance underwriters emphasize the importance of fire safety procedures and encourage the public to give thought to fire prevention.

Fire is still one of the worst killers of humanity and, of course, it is the top destroyer of property. Each year fire destroys \$800,000,000 worth of property in this country alone.

Considerable progress has been made in combating fires. Fire fighting equipment has been vastly improved and fire fighting techniques have advanced materially. The public has shown an eagerness to cooperate to keep fire losses at a minimum and to protect lives. To a considerable extent, these are constructive results of annual fire prevention educational programs.

Fire losses in Escanaba in recent years have been comparatively low. Credit for that is due to a major extent to the efficiency of the Escanaba Fire Department but it is also due to the cooperation of the public. Fire prevention programs have made local residents conscious of fire hazards and as a result many of these hazards have been either eliminated or reduced.

This is the proper season of the year to make a new appraisal of fire hazards in your home. Is your electric wiring safe? Are paints, rags, etc., stored in a manner that eliminates the possibility of spontaneous combustion? Is there an accumulation of rubbish that awaits only a spark to start a conflagration? Do you have fire extinguishers readily handy in case fire does break out? Are matches stored in a place where they are not accessible to children? Is your heating plant a potential fire hazard?

If you doubt your own capabilities of properly surveying your home for possible fire hazards, call the fire department. They will be glad to do it for you—and without charge.

### Surely, Someone Must Speak English

RUSSIA keeps shipping us notes on the questions of a four-power or five-power parity. But the Reds have evidently become so entranced with their talent for confusing other people that they have been unable so far to convey any serious intent in these proposals, if there is any.

When one of these complicated missives arrives, the State Department presumably hands the thing to its "What-does-it-mean?" division. Hours, days, or weeks later, the division comes up with an answer, usually to the effect that the message has no meaning at all or is evasive and unsatisfactory.

Very likely, at this stage, the only real Soviet purpose is to keep the issue alive in Europe for its value in splitting us off from our Western allies. Many European leaders are clamoring for a four-power meeting, and the Russians are shrewd enough to fan the flames regularly.

They also seem clever enough to word their successive proposals in a manner rendering them continuously unacceptable.

When they really want to talk, they surely can find someone within the confines of the Soviet empire who can put the offer in plain English.

A firecracker was believed to be the cause of a fire in a Missouri mail box. Or maybe it was a teen-age letter.

Being broke certainly is nothing to brag about, but often seems to be something to write home about.

Hot weather has done real damage to lots of home gardens, but the of cabbage is still getting a head.

## UNCLE EF

The corn on the cob season is over, so everybody can lower their elbows.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—For more than four months the sun has continued to shine with sickening monotony on the parched fields of southern Missouri and Northern Arkansas. Farmers watching their fields slowly wither away have prayed hopefully for rain, but there's been no rain since May 17. Meanwhile they have seen their fields blacken, their water holes dry up and their cattle weaken, sometimes die.

Their situation is similar to that in Texas and the Southwest generally, except that in Texas it rained briefly, though now the sun is shining relentlessly again.

Meanwhile, the Department of Agriculture has moved at Snail's pace to dole out drought relief to Missouri farmers. In Texas, Benson's boys have done somewhat better.

As of this writing, only 99 Missouri farmers have received a total of only \$172,700. That's an average of \$1,740 apiece.

In contrast, Texas farmers have received an average of about \$13,000 apiece. A healthy \$4,277,130 has gone to Texas against Missouri's \$172,700, and 328 Texas farmers have been aided against Missouri's 99.

Another 153 Missouri farmers are still trying to get drought loans. They are asking for only \$220,100, while the 101 remaining unrelieved Texas farmers are asking for \$1,280,695.

### APPEAL TO ARMY

Sen. Tom Hennings of Missouri, traveling through the blackened fields of his native state, has been trying to push this relief. However, he finds that bigger farmers are generally favored as good enough risks to borrow money for drought relief. Smaller farmers aren't good risks; many may be wiped out.

"What Missouri farmers need most," Hennings concluded, "is not money but hay."

Accordingly he sent a telegram to President Eisenhower and Secretary of Agriculture Benson pointing out that plenty of hay was to be found in Minnesota, the Dakotas and the northwest for \$20 a ton, but the cost of transporting it from those areas to Missouri and Arkansas was an additional \$20 a ton, making the \$40 total cost to drought-stricken farmers prohibitive.

Therefore, Hennings proposed to Eisenhower that the U. S. Army, which has a large armada of trucks in the middle west, use its personnel and trucks to haul hay to the drought-stricken southwest.

"Secretary Brannan organized a hay lift to Utah and Nevada during the severe snowstorms of 1949," Hennings points out. "The Air Force at that time dumped hay from the air on snowbound cattle, with the Air Force paying for the cost of the hay lift. The farmers paid for the hay, but they never could have paid for the air transportation."

"We also organized an air lift to Berlin when that city was isolated by events beyond its control. Now, with farmers of the southwest suffering from a catastrophe beyond their control, I believe they should have the same help."

As of this writing, Hennings has received no reply from Washington.

Note 1—Ex-Secretary of Agriculture Brannan, when queried by this column regarding the cost of previous drought relief, said: The farmers paid for the cost of the hay, and the government paid for the transportation. It may have cost us a little extra, but on the whole I don't think we were out much. In 1949 the Air Force absorbed the cost of the hay lift to snowbound cattle, and last year we got special rates to ship hay from Wisconsin to Kentucky, Tennessee, Oklahoma and parts of Pennsylvania. I think we went in the red a little, but it seemed to me important that we step right in and act in a hurry."

Note 2—Inquiries at the Agriculture Department showed that so far Secretary Benson has shipped feed but no hay to drought areas.

## Questions and Answers

Q—How does the Tariff Commission avoid deadlocks on the votes?

A—Congress deleted the proposed expansion of the Commission from six to seven members when it passed the Reciprocal Trade Agreements Act extension. But he also began to believe the American way of life before I left, partly because I worked beside him day after day and ate the same food he did."

These surefire international relations grew out of a simple question asked by farm youth groups towards the close of the last war: "What can we do so it won't happen again?"

One thing, they decided, would be furthering understanding between farm people at the family level.

So in 1948 IFYE's two-way program got underway. Americans went off to harvest the crops of Europe; foreigners arrived to sample life down on the farm U. S. style.

Barbara Funkhouser of New Mexico says it's amusing how flooded most Europeans are when they discover American girls can work with their hands. She pitched right in milking cows and cooking for her Belgian farm family.

When a Scotch wife said peeling potatoes was too dirty a job for 21-year-old Betty Jane Bell, the latter smiled. "If I peel potatoes in Tennessee, why shouldn't I do them here in Scotland," she asked?

Whereupon the farm wife remarked to her husband, "I suppose we were all wrong."

Eloise Cooksey of Kentucky is enjoying the social life of Germany as well as the work. "They were surprised to find I could write," she writes, "since they think America is the land of boogie woogie and jitterbug. I feel right at home among the young

There's Gordon Lee Ford, a lad from Arkansas who lived with a Communist for five weeks in Belgium. "He was a hired hand on the place," writes Gordon. "As we worked we would talk about the many things that interested him, which he had a different idea of. But he also began to believe the American way of life before I left, partly because I worked beside him day after day and ate the same food he did."

These surefire international relations grew out of a simple question asked by farm youth groups towards the close of the last war: "What can we do so it won't happen again?"

## There's Nothing To It Once You Get The Hang Of It

## Youths Of 4-H Spread Goodwill In Farm Fields Of Old Europe

By PATTI SIMMONS  
NEA Staff Correspondent

WASHINGTON (NEA) — The biggest thing to hit Europe since the Industrial Revolution is a delegation of American ambassadors wearing blue jeans.

The grass-roots envoys have the green light from the State Department to sell America as they harvest in France, pick hay in Austria, drive oxen in Greece, trade goats in Tunisia or chop down trees in the forests of Finland.

This unique "first-column," called the International Farm Youth Exchange includes both boys and girls. A look at their letters back to the National 4-H Foundation here shows how they're working in the fields of Europe, fighting anti-American feeling with a hay rake or a pie like mom-used-to-bake.

Alison Saylor, a Kansas farm girl, writes: "I shall always remember the morning when I tilled the soil of Sweden after receiving a lesson on how to drive the big diesel tractor from my host who did not speak English. We invented some new words and after a trial run I was on my own. It seemed good to be contributing to the growing of plants for food on the other side of the world. I began to realize how much alike all people are, for they have only different methods of gaining the same things."

There's Gordon Lee Ford, a lad from Arkansas who lived with a Communist for five weeks in Belgium.

"He was a hired hand on the place," writes Gordon. "As we worked we would talk about the many things that interested him, which he had a different idea of. But he also began to believe the American way of life before I left, partly because I worked beside him day after day and ate the same food he did."

These surefire international relations grew out of a simple question asked by farm youth groups towards the close of the last war: "What can we do so it won't happen again?"

One thing, they decided, would be furthering understanding between farm people at the family level.

So in 1948 IFYE's two-way program got underway. Americans went off to harvest the crops of Europe; foreigners arrived to sample life down on the farm U. S. style.

Barbara Funkhouser of New Mexico says it's amusing how flooded most Europeans are when they discover American girls can work with their hands. She pitched right in milking cows and cooking for her Belgian farm family.

When a Scotch wife said peeling potatoes was too dirty a job for 21-year-old Betty Jane Bell, the latter smiled. "If I peel potatoes in Tennessee, why shouldn't I do them here in Scotland," she asked?

Whereupon the farm wife remarked to her husband, "I suppose we were all wrong."

Eloise Cooksey of Kentucky is enjoying the social life of Germany as well as the work. "They were surprised to find I could write," she writes, "since they think America is the land of boogie woogie and jitterbug. I feel right at home among the young

people. It doesn't seem possible that we could have been at war with them seven years ago."

One foreign couple went to the station to welcome their American guest and missed her. She was there, all right. But they were looking for someone in high heels and fancy clothes, the way American girls always look in the movies.

FROM NEW MEXICO TO BELGIUM, American IFYE envoy Barbara Funkhouser (left) helps her Belgian hostess with milking.

people. It doesn't seem possible that we could have been at war with them seven years ago."

One foreign couple went to the station to welcome their American guest and missed her. She was there, all right. But they were looking for someone in high heels and fancy clothes, the way American girls always look in the movies.

From England, a similar tale from Elois Taylor of New Hampshire who writes, "They expected to have two girls arrive with false eyelashes, always smoking and who had been in Hollywood. So we are happy to report that now they 'have a better picture of American youth as we really are.'"

In Tunisia, Navy Air veteran Robert Hume of Greenfield, Mass., told his farm friends how he worked his way through college, how he managed to buy a car and in time a second-hand refrigerator.

"As we talked with each other," Hume says, "we found it fascinating to see how much alike we were and when I would say, as a conclusion, 'why have a war?' they were ready to agree."

In Syria 20-year-old Frank Waters became such good friends with the Arab hands he ate in their tent out of the common bowl.

It works the other way, too. Farmers coming here from far away places like India are surprised how hard we work and impressed with the great dignity of labor in this country.

By the end of this year more than 400 Americans will have participated in the program since it began. The number of foreigners from Africa, South America, the Middle East and Europe to this country will hit about 350.

After living abroad from four to six months, exchanges return home where they tell community group and friends about what they've seen and learned.

Not a cent of government money is spent on the project. The National 4-H Club Foundation sponsors and administers it as cooperative endeavor of states, communities, clubs and private enterprise all over the U. S.

## Good Evening...

By CLINT DUNATHAN

DELTA COUNTY IRON—The prospect of mining what many people believe to be vast underground iron ore deposits in Delta County becomes brighter as older open pit mines decline in production.

Oldtimers in Delta County will recall the late Louis Schemel who many years ago made extensive explorations to determine iron ore locations in this area.

They tell me that these prospectors reported locating iron ore of high grades in several locations in the county, including the Pine Ridge area only a short distance west of Escanaba.

The iron ore is all underground, of course, ranging from 300 to 700 feet straight down depending upon the location. If mining was ever undertaken it would probably be by the vertical shaft method.

A friend of mine who shall be nameless, but who has more than usual knowledge of such things, tells me that his experience in compass work in the county indicates "extensive high grade iron ore deposits" beneath the ground. His opinion is based upon the deviations of the compass—the same clue that led to discovery of iron ore on the surface in Marquette County more than 100 years ago.

MAKING THE CHOICE—Is hunting safe or dangerous? It depends upon which news release you read.

The Michigan Department of Conservation issues a warning in connection with the opening of the hunting season that states:

"Twenty of thirty persons out moving around in Michigan these days are going to meet violent, gunfire death within the next two months—unless there's an unprecedented change from previous hunting seasons."

This is meant to sound a note of caution in handling firearms, which follows in the Department's news release. On the other hand, Michigan State College issues a note of comfort to the wives of hunters:

"Will your wife worry about your hunting trip this fall?" asks the College. "If so, it will be well for you to put her at ease by reminding her that hunting is less dangerous than riding in an automobile."

The College also warns, of course, that firearms are dangerous weapons and lists 10 gun safety rules.

But the choice is up to the individual hunter: Whether to ride in the dangerous auto or participate in the comparatively safe sport of hunting. Undoubtedly he will do both just as he has in the past.

FROM THE DUTCH—Those small sailboats introduced into Escanaba's yacht harbor this season are about as long and wide as a coffin—but they are anything but a dead subject among local sailing fans.

The little boats are called "prams", incidentally, but that's not an abbreviation for the word "perambulator."

According to Russell L. Johnson, Escanaba Yacht Club commodore, the name is derived from the Dutch word "praam", which means a flat-bottomed barge.

Like the Dutch craft, the Escanaba prams are flat-bottomed and have squared ends, but there the similarity ends. For the little sailing prams are only 7 feet 6½ inches long and 46 inches wide, which is hardly barge-size.

Equipped with a centerboard, rudder, mast and sail, all of which are put on or taken off every time the pram is used, the little craft unrigged can be easily carried on a car top. One of the prams was bought by the Ralph Thomases of Chicago, who used the boat while they were here on vacation and when they left the boat went with them.

Here the prams are sailed only on the sheltered water of the yacht basin. Too small for the bay, they would be ideal for small lakes. The Ed Ericksons of Escanaba, who go sailing rather than motoring on their vacations, take their pram aboard the "America" when they go cruising.

BURNING QUESTION—This is National Fire Prevention Week and the time to take a look at the flue, the furnace and the children to see if they are fire-safe.

You might also take a look at Grandpa, who has a distressing habit of smoking in bed. Unless Grandpa uses asbestos sheets he will probably awaken to the fact that smoking in bed can be a very hot subject.

In many homes there are more fire hazards than will be encountered in a business place or an industry. Fires usually originate where there are people and carelessness—and home is filled with both.

One of the major lessons to be learned in fire prevention is that of fire consciousness. If the home owner is alerted to fire danger he will attempt to correct at least the more obvious hazards.

For that reason there is National Fire Prevention Week and an emphasis on the prevention of fires. It is better to prevent a fire from starting in your home than to have the fire department extinguish one there.

A Georgia man pleaded insanity after proposing to six girls at the same time and all accepted. He probably went crazy trying to get out of the mess.

Why kick about the price of fall hats, huddies? Get your laugh when you see them, and be satisfied.

## ESCANABA DAILY PRESS

Office 600-602 Ludington Street

Entered as Second Class matter April 4, 1909, at the postoffice at Escanaba, Michigan, under the Act of March 3, 1879.  
Member of Associated Press.  
The Daily Press is the only daily paper printed in an exclusive field of 50,000 population covering Delta, Schoolcraft, southern Alger and northern Menominee counties thoroughly with branch offices and carrier systems in Marquette, Gladstone and carrier service in 23 other communities.  
Advertising rate cards on application.

Outside U. P. one month \$1.25; three months \$3.75; six months \$6.50; one year \$10.00.  
Motor route, one month, \$1.50; three months, \$4.00; six months, \$7.50; one year, \$14.00.  
By carrier, 35 cents a week.

## The Doctor Says...

Sulfa Drugs Help Sinus  
Which Interferes With Smell

By EDWIN P. JORDAN, M.D. — Written for NEA Service

Any disturbance of one of the five senses is annoying, although possibly the loss of sight and hearing are the worst.

Q—Can a sinus infection cause the loss of smell and taste and clogging of the ears? If so, what can be done about it?

A—It is perfectly possible for a severe sinus infection to interfere with the sense of smell. Smelling has perhaps more to do with taste sensation than the taste buds on the tongue, as anyone knows who has had a bad cold. As for clogging of the ears, this is probably extension of the infection up the passageway known as the eustachian tube, from the nose to the middle portion of the ear. The treatment should, of course, be aimed at the infection in the sinuses and if this is acute the use of one of the antibiotics or sulfa drugs may be particularly helpful.

Q—I have had a tumor called a lipoma for five years, located about the waist. Is this kind of tumor cancerous? Mrs. F. R. A—This is a tumor made up of fatty tissue which is not cancerous. People often have more than one.

Q—Please comment on the statement made recently to me that smoking could cause more abundant growth of hair on the arms, legs and face. Reader. A—Smoking cannot do that.

Q—Would you please comment on the new treatment of stomach ulcers by way

of pills described at the American Medical Association's meeting? Mrs. J.L.M.

A—I saw the exhibit and it was very interesting. It was described as an experiment, and whether it will replace other forms of treatment to any great degree remains to be seen.

Q—Is there any tangible evidence that a person with high blood pressure is made worse by drinking milk? B.T.

A—Nothing very definite that I know of. A person with high blood pressure who is on special dietary treatment with low salt content would not be permitted to drink much milk.

Q—My heart beats about 120 times a minute, even when I am resting. Is this likely to cause me any trouble when I have a baby? Mrs. W.

A—Certainly, you should have your heart examined before you become pregnant since this rapid rate is not normal. It could, of course, come from an overactive thyroid gland (toxic goiter), or something else, but in any event, the precaution of having an examination is certainly indicated.

### NOTE ON QUESTIONS

Dr. Jordan is unable to answer directly individual questions from readers. However, once a week, in this "Q&A" column he will answer the most interesting and the most frequently asked questions received during the week.

## Charter Revision:

# Final Public Hearing Is Set For Thursday

Public hearing on remaining sections of the proposed revised charter for the City of Escanaba will be held at 7:30 p. m. Thursday, Oct. 8, in City Hall by the Charter Revision Commission, Carl Sawyer, chairman.

The chapters on borrowing power; purchases, contracts and leases; and sales agreements follow:

### BORROWING POWER

#### GRANT OF AUTHORITY TO BORROW:

Section . . . . Subject to the applicable provisions of statute and Constitution, the Council may by ordinance or resolution borrow money and issue bonds and other evidences of indebtedness therefor, for any purpose within the scope of powers vested in the city. Such bonds or other evidences of indebtedness shall include, but not be limited to, the following types:

(a) General obligation bonds which pledge the full faith, credit and resources of the city for the payment of such obligation, including bonds for the city's portion of public improvements;

(b) Notes issued in anticipation of the collection of taxes, but the proceeds of such notes may be spent only in accordance with appropriation as provided by Section 8.7;

(c) In case of fire, flood or other calamity, emergency obligations due in not more than five years for the relief of the inhabitants of the city and for the preservation of municipal property;

(d) Bonds issued in anticipation of special assessments, which bonds may be an obligation of one or more special assessment districts, or may be both an obligation of such special assessment district or districts, and the general obligation of the city;

(e) Mortgage bonds for the acquiring, owning, purchasing, constructing or operating of any public utility as provided in Article 8, Section 23, of the Constitution; provided such bonds shall not impose any liability upon the city but shall be secured only upon the property and revenues of such public utility, including a franchise, starting the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise shall in no case extend for a longer period than twenty years from the date of the sale of such utility and franchise on foreclosure. Such mortgage bonds shall be sold to yield not to exceed six per cent per annum. A sinking fund shall be created in the event of the issuance of such bonds, by setting aside such percentage of the gross or net earnings of the public utility as may be deemed sufficient for such payment;

(f) Bonds for the refunding of the funded indebtedness of the city;

(g) Revenue bonds as authorized by Public Act 94 of 1933 which are secured only by the revenues from a public improvement and do not constitute a general obligation of the city.

**LIMITS OF BORROWING POWERS:**

Section . . . . The net bonded indebtedness incurred for all public purposes shall not at any time exceed ten per cent of the assessed value of all the real and personal property in the city, provided that in computing such net bonded indebtedness there shall be excluded money borrowed under the following sections: . . . . (b) (tax anticipation notes), . . . . (d) (special assessment bonds even though they are also a general obligation

of the city), . . . . (e) mortgage bonds), . . . . (g) revenue bonds), and any other obligations excluded by statute or Constitution from such limitation. The resources of the sinking fund pledged for the retirement of any outstanding bonds shall also be deducted from the amount of the bonded indebtedness.

The amount of emergency bonds which the Council may make under the provisions of Section . . . . (c) may not exceed three-eighths of one per cent of the assessed value of all the real and personal property in the city or such larger percentage as cities may by statute be permitted to provide in their charters, and such a loan may be made even if it causes the indebtedness of the city to exceed the limit of net bonded indebtedness fixed in this charter.

The total amount of such special assessment bonds issued under Section . . . . (d) which are a general obligation of the city shall at no time by reason of future issues of bonds, exceed the statutory limitations thereon, nor shall such bonds be issued in any calendar year in excess of the amount so permitted to be issued by statute unless authorized by a majority vote of the electors in the manner required by statute.

#### APPROVAL OF ELECTORS:

Section . . . . General obligation bonds (except bonds for the city's portion of those public improvements which are to be paid for in part by special assessment) issued under the authority of Section . . . . (a) and mortgage bonds issued under the authority of Section . . . . (e) shall be issued only with the approval of three-fourths of the electors voting thereon at any general or special election. On the question of approving any such general obligation bond issue, only those persons who own property assessed for taxes in the city and their husbands and wives shall be entitled to vote.

The issuance of any bonds even if not otherwise requiring the approval of the electors shall be subject to applicable requirements of statute with regard to public notice in advance of the authorization of such issues, filing of petitions for a referendum on such issuance, holding of such referendum and other applicable procedural requirements.

#### PREPARATION AND RECORD OF BONDS:

Section . . . . Every bond issued by the city shall contain on its face a statement specifying the object for which the same is issued. It shall be unlawful for any officer of the city to sign or issue any such bond unless such statement is set forth on the face of the same, or to use such bonds or the proceeds from the sale thereof for any object other than that mentioned on the face of such bond. Any officer who shall violate any of the provisions of this section shall be deemed guilty of misconduct in office.

Bonds and all other evidences of indebtedness issued by the city shall be signed by the mayor and clerk under the seal of the city. The coupons evidencing the interest upon said bonds may be executed with the facsimile signatures of the mayor and the clerk. A complete and detailed record of all bonds shall be kept by the clerk.

Upon the payment of any bond or other evidence of indebtedness, the same shall be cancelled.

#### UNISSUED BONDS:

Section . . . . Any authorization by the electors for the issuance of

bonds by the city shall be void if such bonds shall not be issued within three years from the date of such authorization.

#### DEFERRED PAYMENT CONTRACTS:

Section . . . . The Council may enter into installment contracts for the purchase of property or capital equipment. Each of such contracts shall not extend over a period greater than five years nor shall the total amounts of principal payable under all such contracts exceed the sum of fifty thousand dollars at any time.

All such deferred payments shall be included in the budget for the year in which the installment is payable.

#### PURCHASES - CONTRACTS - LEASES - CITY AS LESSEE

##### PURCHASES:

Section 12.1. The City Manager shall be responsible for all purchases by the city but may designate another officer or employee of the city as Purchasing Agent.

No purchase shall be made by purchase order, contract or otherwise until a properly executed requisition approved by the head, or other employee designated by the manager, of the department against which departmental appropriation such requisitioned materials, supplies or services will be charged, has been received by the City Manager or designated Purchasing Agent. The City Manager may at his discretion authorize the issuance of a purchase authorization, in lieu of a requisition, covering the monthly requirements of a department or section thereof for items of a recurring or emergency nature costing not more than twenty-five dollars each purchase, or five hundred dollars each month.

Comparative prices shall be obtained for the purchase of all materials, supplies, contractual services and public improvements except (a) in the employment of professional services and (b) when the City Manager, the Purchasing Agent if one be designated, or the Council as hereinafter provided shall determine that no advantage to the city would result.

All purchases of a single class of materials, supplies, contractual services or public improvements required by all departments of the city during a fiscal year, where such requirements can be reasonably anticipated, costing one thousand dollars or more, shall (a) be approved by the Council; (b) be made after competitive bidding, such bids to be sealed bids unless the Council by unanimous resolution of those present at the meeting, based upon the written recommendation of the City Manager, determines that no advantage to the city would result from competitive bidding; and (c) be in accordance with the provisions of Section 12.2.

No purchase shall be divided for the purpose of circumventing the dollar value limitations contained in this section. The Council may authorize the making of public improvements or the performance of any other city work by any city department, utility or agency without competitive bidding.

Purchases shall be made from the lowest competent bidder meeting specifications.

All purchases in excess of twenty-five dollars shall be evidenced by written contract or purchase order.

All purchases shall be subject to the provisions of Section 5.10. The City may not purchase any real estate or any interest therein except by the affirmative vote of at least four members of the Council.

The purchasing services of the city shall be made available without charge to the Library. The purchasing services of the city shall be made available to the public school system of the city, and the Council may provide for fair charges for any such services.

Detailed purchasing and con-

tract procedures shall be established by ordinance.

#### CONTRACTS AND LEASES:

Section 12.2. All purchase contracts and leases to which the city is a party when this charter becomes effective shall remain in full force and effect.

The authority to contract on behalf of the city is vested in the Council and shall be exercised in accordance with the provisions of statute and of this charter, provided that purchases may be made by the City Manager, or the Purchasing Agent if one be designated, subject to the provisions of Section 12.1.

Any contract or agreement in an amount of one thousand dollars or more made with form or terms other than the standard city purchase order form shall before execution be submitted to the Attorney and his opinion obtained with respect to its form and legality. A copy of all contracts or agreements requiring such opinion shall be filed in the office of the Clerk together with a copy of the opinion.

Before any contract, agreement or purchase order obligating the city to pay an amount of one thousand dollars or more is executed the City Controller shall first have certified that items covered by such contract, agreement or purchase order were included in budget for which an appropriation has been made for the payment thereof, or that sufficient funds will be available if it be for a purpose to be financed by the issuance of bonds or by special assessments or for some other purpose not chargeable to a budget appropriation.

In the case of a contract or agreement obligating the city for periodic payments in future fiscal years for the furnishing of a continuing service or the leasing of property, such certification need not cover those payments which will be due in future fiscal years, but this exception shall not apply to a contract for the purchase or construction of a public improvement unless such purchase or construction is being financed by an installment contract under authority of Section 10.6. Certification by the City Controller shall be endorsed on each contract, agreement or purchase order requiring same or shall be filed as an attachment thereto.

No contract or purchase order shall be subdivided for the purpose of circumventing the dollar value limitations contained in this Section.

No contract shall be amended after the same has been made except upon the authority of the Council, provided that the City Manager, or Purchasing Agent if one be designated, may amend contracts for those purchases and sales made by them under the authority of Section 12.1.

No compensation shall be paid to any contractor except in accordance with the terms of the contract.

No contract shall be made with any person, firm or corporation in default to the city.

An individual agreement of employment shall not be deemed a contract requiring opinion by the Attorney or certification by the City Controller.

#### SALES - SALES AGREEMENTS - LEASES, CITY AS LESSOR

##### SALE OF CITY PROPERTY

Section 13.1. The City Manager shall be responsible for all sales of city property but may designate another officer or employee to effect any or all sales.

No city property shall be sold or disposed of until (a) it shall have been declared in writing to be surplus to the present or foreseeable future needs of the department having jurisdiction and control of such property; (b) it shall have been declared in writing by all departments of the city to be surplus to their present or foreseeable future needs; (c) the City Manager has declared in writing that such property is surplus to the present and foreseeable future needs of the city.

No city property, surplus or otherwise, shall be sold to city officials, elected or appointed, to city employees or their families without restricted competitive bidding.

In all sales of city property having an estimated value of one hundred dollars, or more, (a) the sale shall be approved by the Council; (b) sealed bids shall be obtained unless the Council by unanimous resolution of those present at the meeting, based upon the written recommendations of the City Manager, determines that no advantage to the city would result from competitive bidding; (c) the requirements of Section 13.2 shall be complied with.

No sale shall be divided for the purpose of circumventing the dollar value limitation contained in this section.

Sales shall be made to the high-

est competent bidder.

Sales under one hundred dollars shall be paid in full before delivery of property. Sales made by competitive bidding shall be paid in full before delivery of property or title thereto and no bid shall be considered unless it shall be accompanied by a certified check for not less than ten percent of amount of bid.

All sales shall be evidenced by written contract or invoice.

The city may not sell any park, cemetery or any part thereof except in accordance with restrictions placed thereon by statute.

The city may not sell or lease any real estate owned in whole or in part except by the affirmative vote of at least four members of the Council.

The sale of all city property shall be subject to the provisions of Section 5.10.

Detailed procedures for sales of city-owned property shall be established by ordinance.

All sales agreements and leases to which the city is a party when this charter becomes effective shall remain in full force and effect.

#### SALES AGREEMENTS

Section 13.2. The authority to contract on behalf of the city is vested in the Council and shall be exercised in accordance with the provisions of statute and of this charter, provided that sales may be made by the City Manager subject to the provisions of Section 13.1.

Any sales agreement in an amount of one hundred dollars or more made with form or terms other than the standard city invoice form shall before execution be submitted to the attorney and his opinion obtained with respect to its form and legality. A copy of all sales agreements requiring such opinion shall be filed in the office of the Clerk together with a copy of the opinion.

Before any sales agreement or invoice covering the sale of city property is executed the City Controller shall first have certified that all the provisions and conditions of this chapter have been complied with. Certification by the City Controller shall be endorsed on each sales agreement or invoice requiring same or shall be filed as an attachment thereto.

No sales agreement or invoice shall be subdivided for the purpose of circumventing the dollar

value limitation contained in this section.

No sales agreement shall be amended after the same has been made except upon the authority of the Council; provided that the City Manager or other designated officer or employee may amend sales agreements for those sales made by them under authority of Section 13.1.

#### RESTRICTION ON POWERS TO SELL OR LEASE REAL PROPERTY:

Section 13.3. Any agreement or contract for the sale or for the renting or leasing of real property for a period longer than three years shall be subject to the same referendum procedure as is provided in the case of ordinances passed by the Council but any petition for such referendum must be filed within thirty days after publication of the proceedings of the meeting of the Council at which such agreement or contract is authorized.

The transfer or assignment of any agreement or contract for the selling, renting or leasing of real property may be made only upon approval of the Council but approval of such transfer shall not be subject to referendum.

Sales, rentals and leases shall be for a fair consideration as determined by the Council.

Tin and rubber from Malaya have brought the British more U. S. dollars in the last few years than all of the United Kingdom's direct trade with America.

## Bite Of Rattlesnake Fatal To Cultist At Himyar, Ky., Ceremony

JOHNSON CITY, Tenn. (AP)—Willie J. Parker, 53, died in Mountain Home Veterans Hospital Sunday of a rattlesnake bite suffered while handling the reptile in a religious ceremony at Himyar, Ky., Sept. 27.

Hospital officials said Parker was admitted to the hospital two days after being bitten on his right hand.

Parker was treated with antivenom, but doctors at the hospital said the treatment is seldom effective unless it is administered within six hours after the bite. Parker was a World War I veteran.

Himyar is a rural community in Knox County in southeastern Kentucky where snake-handling religious services long have been conducted.

# WHY SETTLE FOR LESS THAN A FULLY AUTOMATIC TRANSMISSION?

"WIDE CHOICE OF MERCURYS WITH MERC-O-MATIC NO-SHIFT DRIVE! NOW AVAILABLE—IMMEDIATE DELIVERY!"

Now—the deal of the year for the proven V-8 with the smoothest, fully automatic, no-shift drive you can buy!

Here's your chance to get the finest in no-shift driving . . . immediately . . . and at a big saving.

"The finest" because we believe there is no smoother, more dependable automatic transmission than optional Merc-O-Matic Drive. It was specially designed for Mercury—built to go with Mercury's specific horsepower, size, and weight. You have no clutch pedal to bother with—no taking the foot off the gas pedal and waiting for changing gears.

Merc-O-Matic moves you from low to high smoothly, silently—completely automatically.

We say "immediately" because right now we can offer you Merc-O-Matic Drive on almost all models.

"At a big saving" because Merc-O-Matic Drive is one of the lowest priced, fully automatic transmissions. And our special trade-in allowance for your present car cuts your initial cost even more. Compare the exact dollars-and-cents savings today!

Famous Mercury styling, proven V-8 engine, and prize-winning economy help keep Mercury's trade-in value highest in its class.

## Kinfolk Hunting Crandon Fugitive

CRANDON, Wis. (P) — Still uncertain whether they are hunting a kidnaper or a determined suitor, authorities today carried on the search for a 40-year-old ex-convict and the girl he took away with him Saturday.

Dist. Atty. Edward Schenk of Forrest County said he has issued a warrant charging the former convict, James Shelton, with abduction of 15-year-old Betty Bailey.

While police of Wisconsin, upper Michigan and Illinois pressed the hunt, the transplanted mountain kin of the Bailey girl were conducting a search of their own. The Bailey menfolk were covering the backwoods district in this remote northern Wisconsin area, settled largely by Kentuckians some years ago, with the idea that Shelton had not left the area.

Betty's parents, Mr. and Mrs. Rollie Bailey, said Shelton stopped Saturday at their home, where he had once boarded, and was ordered to leave. Shelton later intercepted Betty, the parents told Sheriff Donald Kline. With Shelton at the time was the girl's 16-year-old cousin, Jack Bailey.

Undersheriff Iner Osgood said Shelton had served a prison sentence for armed robbery.

## Billings, Mont., Tot, 3, Boards Train Alone For 238-Mile Ride

BUTTE, Mont. (P) — Three-year-old Danny Quinlan won't start to school for several years, but he studied geography anyway Monday.

The tot climbed aboard a Northern Pacific passenger train at Billings and enjoyed his 238-mile ride to Butte "on a great big choo-choo."

When asked how he got on the train, Danny told police: "I got on all by myself."

Danny's presence on the train was not discovered until a young mother learned she had one too many children. She told the conductor, who wired Butte police to meet the train.

Before he reached the mining city, police had Danny pegged as the missing son of Mr. and Mrs. Vincent Quinlan of Billings.

## Marihuana Crop Worth \$200,000 Discovered In Washtenaw County

ANN ARBOR (P) — A \$200,000 marihuana crop has been located on a farm "somewhere in Washtenaw County," vice squad officers revealed here.

Officers said the crop, which would wholesale at \$33,000, was discovered after persistent reports of its existence over the past five months.

The name of the farmer and location of the crop was withheld pending a decision on prosecution. The farmer was quoted as saying he knew the marihuana was growing on his property but that he "just hadn't got around to pulling the weed."

County officials said the crop would be burned if it was not needed as evidence.

## One Workman Killed, One Seriously Hurt By Automatic Nailer

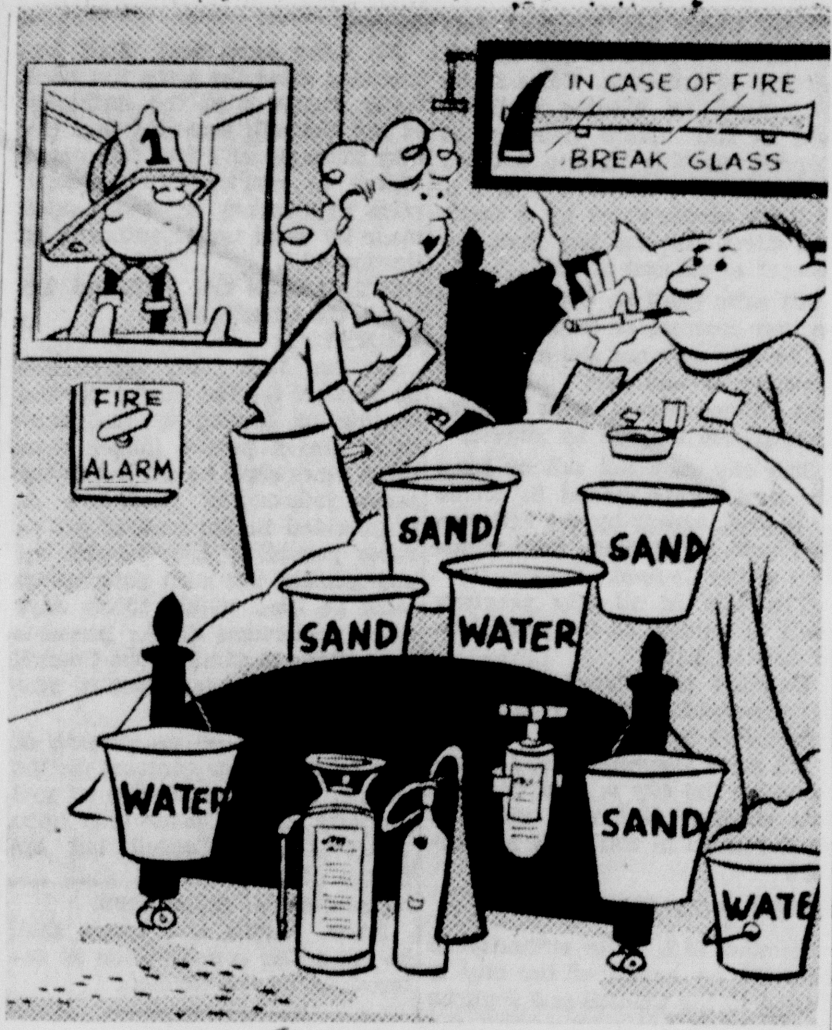

TEMPLE CITY, Calif. (P) — An automatic nailer, powered by blank cartridges, is blamed by sheriff's deputies for the death of one workman and serious injury of another.

Carl Mitchell, 45, an engraver, was killed, and Harry Fisher, 43, also an engraver, was injured at the Miller Dial and Name Plate Co. plant Monday.

In an adjoining room carpenter Robert Becker was installing plasterboard. Deputies said nails which missed the studding struck Mitchell in the heart and Fisher in the chest.

## Resting Hunter Shot

MUSKEGON (P) — Nineteen-year-old Charles Payne of Muskegon was all through hunting Friday and was resting on the grass beside his car in Muskegon County when he was struck in the shoulder by a .22 caliber bullet from the gun of an unidentified hunter.

## School Boards Must Abide By Tax Levy Pledge, Court Rules

LANSING (P) — The Supreme Court held today that a school board must abide by its promise to levy a stated amount of bond issue taxes, even if the tax is more than needed.

The court told the Board of Education of Marquette township, Marquette County, to levy 19 mills to support a four-year-old \$150,000 bond issue, even though the levy produces more money than is needed to meet the bond requirements and maintain a proper reserve.

The suit was filed by the State Municipal Finance Commission, whose orders to that effect had been ignored by the township. The dispute arose over the fact

that the bond issue was set up on an assessed valuation of \$1,043,575 in 1949. Shortly after the State Tax Commission boosted the township valuation 77 per cent. This produced more money than was needed on a 19 mill levy, so the township cut the levy to 10 mills in 1950, eight mills in 1951 and 11 mills in 1952.

The record shows, the court said, "that the township board knew of the assessment increase before it asked approval of the bond issue from the commission. It can now make no convincing claim of having been uninformed or mistaken."

The court said that all the proceedings of the school district became part of the contract between the district and its bondholders.

Monroe won a supreme court decision in a suit filed by Chris Nelson and sons for compensation for excess rock which the contractor had to excavate in the Stony Point water main project. The Nelson firm argued the city had failed to show in its drawings that there was so much rock to be moved.

## California Heat Over 100 Again

(By The Associated Press) Cool air spread over wide areas of the country Tuesday but an early October heat wave continued in Southern California.

One surge of cooler air extended from New England southwestward through the Ohio River Valley and southward through the Lower Mississippi River Valley. A second mass of cool Canadian air moved southeastward across the Great Lakes region and into the North Central region.

Temperatures dropped to a chilly 11 above zero at Fraser, Colo. early Tuesday. In contrast, it was 80 above in Yuma, Ariz. Another day of hot weather was in prospect for Southern California after Monday's 100-plus readings. It was 101 in Los Angeles, a record for the date, and an unofficial 108 at Glendale.

Light rain fell early Tuesday in parts of Michigan and Pennsylvania and northeastward into New England. Showers also were reported along the Ohio River from Huntington, W. Va., to Pittsburgh and in southeastern Kentucky.

## Chicago Prices

## Gen. Clark Bids Troops Goodbye

TOKYO (P) — Lean, tanned Gen. Mark W. Clark said farewell today to the troops of his Far East Command.

At a colorful honor guard ceremony he said his goodbyes to a selected group of Korean veterans and the top officers of the Far East and United Nations Commands he has led since the spring of 1952.

An honor guard band saluted the veteran of 40 years of Army service with a briskly rendered "So Long, It's Been Good to Know You" and "California Here I Come." Clark retires Oct. 31.

His successor is Gen. John E. Hull.

Clark and his wife leave Wednesday for San Francisco and then Washington where, at his own request, Clark will be retired.

## Wonder Drug Dust Best Deal Yet For Lung Infections

MILWAUKEE (P) — How the dust of a new wonder drug can be used more effectively than penicillin in treating lung infections was described here Sunday before Wisconsin's chapter of the American College of Chest Physicians. The new drug is dihydrostreptomycin, said Dr. Edward L. Avery, Chicago, associate in surgery at Northwestern University Medical School. The new drug, he said, produces much less sensitivity than regular penicillin or streptomycin and, therefore, can be used as treatment, but not a cure, of such lung infections as bronchitis and bullar polio patients who have difficulty in breathing and for that reason tend to get pneumonia.

Dr. Avery emphasized that the new drug is not a cure but does stop infection and cleans up the lungs, leaving the way for other corrective treatment.

## Anniversary Treat

GRAND RAPIDS (P) — Mrs. Levi A. MacDonald, an invalid who hasn't seen downtown Grand Rapids or much of the remainder of the city in 11 years, was given a special treat on her 25th wedding anniversary Friday. A veterans post auxiliary arranged for her a tour of the city by ambulance.

## Korea And Japan In Fishing Wrangle

TOKYO (P) — A dispute over fishing rights in the Sea of Japan today threatened to snag Japan-Korea peace talks, hours after the twice-interrupted negotiations resumed.

The chief of South Korea's mission, Kim Yong Shik, called on Japan to accept the so-called "Rhee Line," decreed by ROK President Syngman Rhee to protect fisheries up to 60 miles from the Korean Coast.

Kim presented South Korea's case after Japan had demanded the immediate return of 34 Japanese fishing boats seized by the South Korean Navy inside the Rhee Line during the past month.

## Wall Street

NEW YORK (P) — Weakness in the aircrafts touched off a decline today in the stock market.

Active selling in the aircrafts took them down from fractions to between one and two points. Other sections of the market followed that pattern but with less emphasis.

Trading was rather quiet with a flurry of activity from time to time when selling came into the market. The pace overall was a little better than yesterday's low 930,000 shares.

The railroads stepped down after the aircrafts, and also lower were steels, oils, chemicals, and radio-televisions.

The motors resisted the selloff as did most utilities, air lines, motion pictures and distillers.

Lower stocks included Boeing, Douglas Aircraft, Lockheed Radio Corp., New York Central, Illinois Central, Standard Oil N. J., Texas Pacific Land Trust, American Telephone, Du Pont, General Electric, and American Can.

## How Much Of A Stride Will Business Take?

By SAM DAWSON

NEW YORK (P) — Some say business gets into its stride after Labor Day. Some say after the World Series.

Having survived the series Americans can turn today to the next big question: How much of a stride forward, if any, will industrial production take? And how good will Christmas trade be this year?

Some say factory output will start zooming again after the prolonged summer lull and by year's end be about as good as ever. If so, job totals will stay near their peak and, therefore, Americans with money in their jeans will be big-hearted spenders. Many merchants look for their biggest Christmas trade ever.

Others note that so far the fall pickup in factory output isn't as big as expected, and that retail trade was at least two weeks late in getting off the ground.

Many business and government spokesmen are warning that too much singing of the blues might scare the customers away from the stores, and might cause businessmen to start living off their inventory fat and to stop ordering from the factories.

With personal incomes at or near record highs, merchants would seem to have little to fear for the next three months.

Voices in Washington have been stressing that steps will be taken to halt deflation before it goes far, or even gets under way.

There is considerable talk about the Russian H-bomb threat and the chances of the United States spending more for defense, and less talk about balancing the budget. Forecasts of a bigger federal deficit in the next fiscal year than in this one are common.

Many businessmen, rightly or wrongly, are adding all these up and reaching the conclusion that before things could get at all tough Washington would be extending them most of the forms of aid to which they've become accustomed.

Dr. E. S. Leeder, director of the division of disease control, revealed he is working with the University of Michigan school of public health on experiments designed to show if gamma globulin might be doing more harm than good.

The experiments are not yet complete, so no conclusions can be drawn, he emphasized.

But the purpose of the investigation is to see whether the temporary protection from paralysis produced by gamma globulin prevents the patient from developing a natural immunity.

"Polio is more serious in the young adult than in children," Dr. Leeder said. "If we protect children with gamma globulin, are we possibly in danger of doing nothing more than postponing the attack of polio on some people until later in life when it is most dangerous?"

A 20-year project to establish an aluminum industry is under way in the Gold Coast of West Africa.

## Court Frees Trio, Criticizes Care Of Psychopath Cases

(Continued from Page One)

returned and order to serve his maximum sentence, expiring next July 11.

The court said Colin's maximum sentence began to run when the state had a chance to regain custody of him and failed to do so.

In another case, the state lost an attempt to pin a cigarette bootlegging conspiracy charge on five men arrested Dec. 15, 1951, in a state police blockade in Berrien County.

The five—Dominic J. Asta, Angelo J. Bonacci, Carl P. Infantino, Durrell Meadows and Peter Orlando—were charged with transporting a shipment of untaxed cigarettes from St. Louis, Mo., to Detroit in a trailer, followed by a carload of armed guards.

The court upheld the trial court's decision.

There is considerable talk about the Russian H-bomb threat and the chances of the United States spending more for defense, and less talk about balancing the budget. Forecasts of a bigger federal deficit in the next fiscal year than in this one are common.

Many businessmen, rightly or wrongly, are adding all these up and reaching the conclusion that before things could get at all tough Washington would be extending them most of the forms of aid to which they've become accustomed.

Dr. E. S. Leeder, director of the division of disease control, revealed he is working with the University of Michigan school of public health on experiments designed to show if gamma globulin might be doing more harm than good.

The experiments are not yet complete, so no conclusions can be drawn, he emphasized.

But the purpose of the investigation is to see whether the temporary protection from paralysis produced by gamma globulin prevents the patient from developing a natural immunity.

"Polio is more serious in the young adult than in children," Dr. Leeder said. "If we protect children with gamma globulin, are we possibly in danger of doing nothing more than postponing the attack of polio on some people until later in life when it is most dangerous?"

and said there was no proof the men intended to dispose of the cigarettes in Michigan in violation of the state cigarette tax law. They could have been shipping the cigarettes across Michigan in interstate commerce, the justices said.

The Supreme Court did not pass on constitutionality of the cigarette tax.

Vice President Nixon Starts

# Women's Activities

## Little Book Wises Up Little Wife On Stocks And Bonds

By DOROTHY ROE  
Associated Press Women's Editor  
The next time your husband makes a crack about "the little woman and her checkbook" you might silence him effectively with a brief dissertation on the merits of a diversified folio of stocks and bonds, referring casually to such terms as "margin", "stop-loss" orders and the advantages of de-benture bonds.

He will be so goggle-eyed with amazement that you probably will be safe from criticism for several weeks.

**In Simple Terms**  
The way to accomplish this is to bone up on a new book soon to be published, "A Woman's Guide to Financial Security", by Joyce Clarke and Sally Dickson, two alert young women who are partners in a New York public relations firm, and who have been writing the ABC's of investments for women's clubs and schools throughout the country for some years.

Joyce and Sally have tackled the investment problems of women with a view to explaining in the simplest possible terms just how you go about accumulating a nest-egg that may be expected to hatch some sound security in later years.

They tell you such things as what are stocks and bonds, how and where to buy them, how to read the stock quotations in the newspapers, how to choose a safe list of investments and how to cash in if you need money for an emergency.

**Investments Suggested**  
They suggest investment programs for a working woman on her own, for a working woman with two children to educate, for an unemployed widow and for a husband and wife with three children to educate.

"Today women have to be economists," says Mrs. Hiram Cole Houghton, past president of the General Federation of Women's Clubs, in a foreword. "The hand that rocks the cradle" belongs now all too often to one who must also negotiate the loan at the family bank to pay for the new roof next fall or understand the provisions of her husband's life insurance policies.

## Personals

Miss Carolyn Lorensen has left for Lansing where she is employed following a visit with her parents, Mr. and Mrs. Wallace Lorensen, 1219 N. 22nd St.

Mrs. R. R. Marks Jr. of Highland Park, Ill., is visiting at the home of her parents, Mr. and Mrs. Fred Guay, 326 S. 15th St.

Miss Margaret Neumann, a member of the staff of the Veterans Administration Hospital at Battle Creek, is spending a week's vacation at the home of her parents, Mr. and Mrs. Emil Neumann, 830 S. 15th St.

Mrs. John Maurer, Ann Arbor, and her daughter, Mrs. Thelma Pank of Dearborn, left Monday afternoon for Ishpeming after a visit at the Joseph Fish home, 1111 1st Ave. N. This was their first visit to Escanaba.

Pvt. Wendell C. Buckland, son of Mr. and Mrs. Arthur Buckland, 1310 Stephenson Ave., is spending an 11 day leave at the home of his parents. He is enroute from Ft. Ord, Calif., where he underwent his basic training, to Baltimore, Md., where he will attend 14 week school.

Mr. and Mrs. John L. Nolden, Pacific Palisades, Calif., and Mr. and Mrs. Irvin Nitz, Detroit, left Monday morning for home after visiting at the Loren Jenkins home, 1112 12th Ave. S., and the Nick Bink home, 424 S. 11th St. Mr. and Mrs. Nolden had just returned to the United States after a six-months tour of Europe.

Mrs. W. R. Stuart, 1805 S. 16th St., left today for Chicago where she will visit several weeks with friends. She then will continue to Seattle, Wash., where she will visit with her daughter.

Mrs. Everett Lunderville and son, Alvin, returned to Merrillan, Wis., today after visiting with Mrs. Lunderville's sister, Mrs. George Vandembush, and family at Rock over the weekend.

Mrs. Elizabeth Lane today returned to Little Lake, Mich., after spending the past week at the home of Mrs. Frank Breault, 314 N. 19th St.

Mrs. Marie Nelson of Detroit left today for Chicago after visiting two weeks at the home of Mrs. Carl Sundling at Gladstone and with her son, Helmer Nelson and family at Isabella.

Mr. and Mrs. William Schultz and children David, Billy and Elaine, of Gladstone Rte. 1 are spending a week's vacation at a hunting camp at Arnold.

Melt mint jelly and pour over grapefruit sections, serve with lamb.

**THE SING FAMILY** in colorful costumes served as hosts and hostesses at the successful Chinese Night party this past weekend at the Highland Golf Club. In the committee group, pictured here, are: front row, left to right, Harry Ehnerd, Mrs. Ehnerd and Ray Raymond; second row, Mrs. Raymond, Mr. and Mrs. Merton Jensen, the chairmen, Mrs. Fred LaBranche and Mrs. Fred Hinn; back row, Ed Hengesh, Mrs. Ed Hengesh, Fred LaBranche, Mrs. Harry Reynolds and Dr. Fred Hinn.

## Social-Club

**Pension Club Meeting**  
The Railway Employees Pension Association will hold its monthly meeting Wednesday, Oct. 7, at 2 p. m. at Grenier's Hall. Entertainment will follow the business session and refreshments will be served.

**Bethany League Meeting**  
The Luther League will meet Wednesday at 7:30 p. m. at Bethany Lutheran Church. Committees will begin work on plans and decorations for the district rally to be held here Oct. 18.

**B. R. T. Auxiliary**  
The Ladies' Auxiliary to the Brotherhood of Railway Trainmen will meet at 2 p. m. Thursday at Grenier's Hall. Initiation will be held and lunch will be served during the social hour. The hostess committee is Mrs. Louis Morin, chairman, Mrs. Charles E. Wood, Mrs. Percy Miller and Mrs. Adeline Grenier.

**Martha Society Meets**  
A meeting of the Martha Society will be held Wednesday at 8 p. m. at the home of Mrs. Emil Johnson, 820 Sheridan Rd. Members and friends are invited.

**Runeberg Meets Thursday**  
The Order of Runeberg will meet Thursday at 7:30 p. m. at Unity Hall. Lunch will be served following the business meeting.

**Nurses Meet Wednesday**  
The Delta District Michigan Practical Nurses Association will hold a regular meeting Wednesday Oct. 7, at 7:30 p. m. at St. Francis Hospital. Dr. Francis C. Anderson will be guest speaker. Lunch and games will follow the meeting.

**Anniversary Observance**  
Escanaba members will attend the observance of the 24th anniversary of Sharon Shrine No. 45 Thursday at 8 p. m. at the Masonic Hall in Iron Mountain. A party for the members will be held immediately following the regular meeting.

**White Shrine Club**  
The White Shrine social club will meet this evening at 7 at the Masonic Hall. Mrs. Ralph Shiner will be chairman of the evening's program.

**Eagles' Auxiliary**  
Nomination and election to fill a vacancy in the office of vice-president will be held during a meeting of the Eagles' Auxiliary Wednesday at 8:30 p. m. in the lounge room of the Eagles' Club. Members are reminded to make donations for the rummage sale which will be held Friday and Saturday.

**St. Thomas Guild Meeting**  
Tonight at 8 p. m.

**Escanaba Dartball Association Meeting Tonight**  
Promptly at 7 p. m. at Carpenter's Hall. Team rosters will be available at that time.

**Regular K of C Meeting—Tonight,**  
8 p. m. at K-C Clubhouse

**95th Infantry Division reunion in**  
Iron River, Oct. 15th.

## Mrs. Bonifas Of Isabella Bride Of Gust Soderberg

ISABELLA—Mrs. Signe Bonifas of Isabella and Gust Soderberg of Danforth were united in marriage at a ceremony Saturday, Oct. 3 at 2 p. m. at Zion Lutheran Church in Manistique. The Rev. G. A. Herbert read the service.

The bride wore a navy blue dress with navy velvet trim, a navy velvet hat trimmed with pearls and a shoulder corsage of red roses and white mums. Her pearl necklace and earrings were the gift of the bridegroom. Her sister-in-law, Mrs. Nick Bonifas, who was her attendant, wore a black and white print with black velvet and rhinestone trim. Her hat was black velvet and her corsage was red and white mums.

Felix Johnson of Danforth served as Mr. Soderberg's best man.

The reception for 300 guests was held at the Isabella Community Building. The hall was decorated in red and white with arrangements of flowers and tapers. Mrs. Arvid Sundin, sister of the bride, poured. Mrs. Paul Hintz served the wedding cake and Mrs. John Clarenden presided at the punch bowl.

The Rev. Herbert served as master of ceremonies of the reception program which included two solos, "I Love You Truly" and "Perfect Day" by C. Arthur Anderson of Escanaba. Accompanist was Mrs. Pete Forslund.

Among the wedding guests from away were Mr. and Mrs. Felix Johnson, Mr. and Mrs. Elmer Johnson and Bertha Danforth; Mr. and Mrs. Fred Magnuson, Iron Mountain; Mr. and Mrs. Harold Freytag, Mrs. Wilbert Gro-leau, Mrs. Ellen Gro-leau, Donald Green, Mr. and Mrs. John Moberg, Detroit; Mr. and Mrs. Al Asplund, Cunard; Miss Gladys Ford, Mrs. Mae McCoy, Mr. and Mrs. John Wood, Mr. and Mrs. Richard Bonifas, Manistique; Mr. and Mrs. Clarence Dupuis, Jackie and Jill Lake Linden; Mrs. Freda Peterson, Mr. and Mrs. Fred Sundling and Fred Jr., and Mr. and Mrs. Jack Shiner, Gladstone; Mr. and Mrs. Bruce Smith and Terry, Grayling; Mrs. Ruth Holmquist, Mr. and Mrs. Bruce Brackett, Mr. and Mrs. J. R. Lowell, the Rev. and Mrs. Karl J. Hammar, Mr. and Mrs. Frank Wiwirka, Mr. and Mrs. Ralph Samuelson, Mr. and Mrs. Ralph Shiner, Mr. and Mrs. Louis Leod, Mr. and Mrs. Robert McLeod, Mr. and Mrs. C. Arthur Anderson, Dr. and Mrs. E. M. Hinn, Miss Carol Green, Mr. and Mrs. Leo Foye, Mr. and Mrs. Jack Gitzen, Mrs. Anna Gray and Miss Tillie McLeod, of Escanaba; Mrs. Paul Hintz, Mrs. John Kleiman, of Sheboygan, Wis.

Mrs. Gene Case and son Bobby of San Antonio, Tex., are visiting with Mrs. Case's parents, Mr. and Mrs. William Fitzgerald.

St. Rita's Guild will meet Thursday at 8 p. m. at the parish hall. On the lunch committee will be the Mesdames William La-comb, George Webber, Steve Malnar, and Mrs. Lena Slambo.

The Ladies Aid of the Methodist Church will serve a chicken dinner Saturday, Oct. 10, beginning at 5:30 p. m. in the church parlors.

Mrs. Angeline Spiris and Mrs. Warner Marsh of Hastings, Mich., arrived on Monday to spend a two weeks' vacation at the Spiris Cabin, north of Trenary.

Mr. and Mrs. Dan Finlan and children, Tommy and Jean of Gladstone spent Sunday at the home of Mr. and Mrs. Francis Finlan.

## Gulliver

**First Baptist Church**  
GULLIVER—Services at the First Baptist Church, Gulliver, announced by the Rev. V. E. Anderson, are: Saturday, Pastor's Bible class at 11 a. m.; Sunday, Sunday School at 10 a. m., service at 11 a. m. with the Rev. and Mrs. Lyons in charge, song service at 7:30 p. m.; Wednesday, 8 p. m., Bible study and prayer.

It's a good idea to melt chocolate over hot water rather than over direct heat, because chocolate scorches easily.

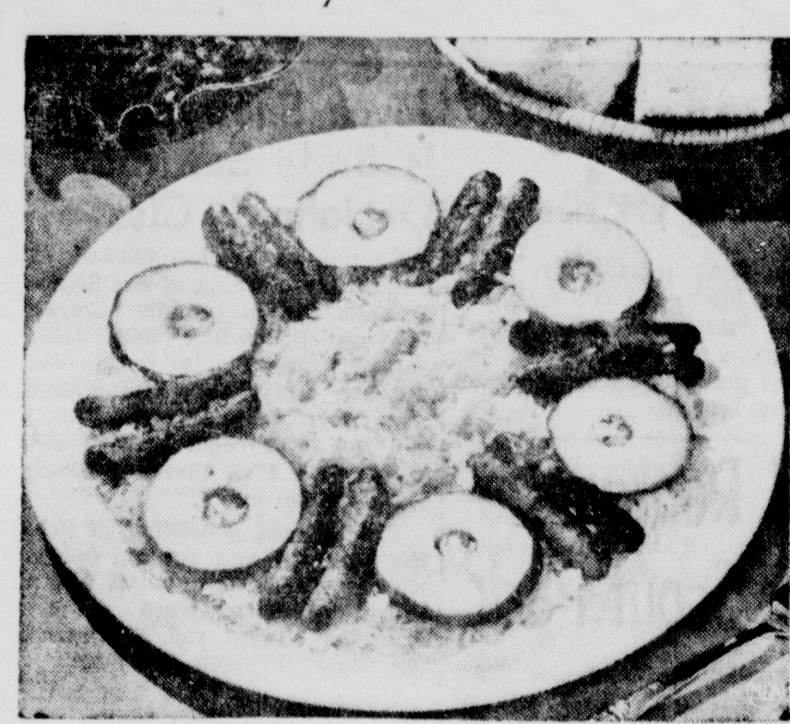

which will be held Friday and Saturday. They may take donations to the clubrooms anytime through Friday.

**Cream of Onion Cheese Soup**  
... watch your family call for seconds!  
A wonderful way to get more milk into menus! But be sure you use Fairmont Homogenized Vitamin D Milk—accepted by the Council on Foods and Nutrition of the American Medical Association. Try it soon!

**FAIRMONT MILK**  
The Peak of Quality...

## Ohio Kraut and Sausage Served in Hearty Main Dish

**ROLL AWAY YOUR HUNGER** with this Wagon-Wheel Sauer-kraut Plate. Apple rings are the perfect taste complement.

By GAYNOR MADDOX

Now here's a hearty dinner idea using pork sausage and its soul mate, sauerkraut. It comes from Mrs. Nina Mitchell of Columbus, Ohio. Hers is a family of hearty eaters and this dish, she says, is one of their favorite recipes.

**Wagon Wheel Sauerkraut Platter**  
(Makes 6 servings)

Twelve link sausages (about 1 pound), 2 medium-sized apples, cored and sliced into rings, 1 No. 2 can sauerkraut, 2 tablespoons brown sugar, 1 cup chopped onions.

## Rock

**Briefs**  
Mr. and Mrs. August Seefeldt, Appleton, Wis., were weekend guests at the home of Mr. and Mrs. Martin Falck.

Ted Vadis and Mr. and Mrs. Edgar Velde and son, Milwaukee, spent the weekend with Mr. and Mrs. Albert Weldum.

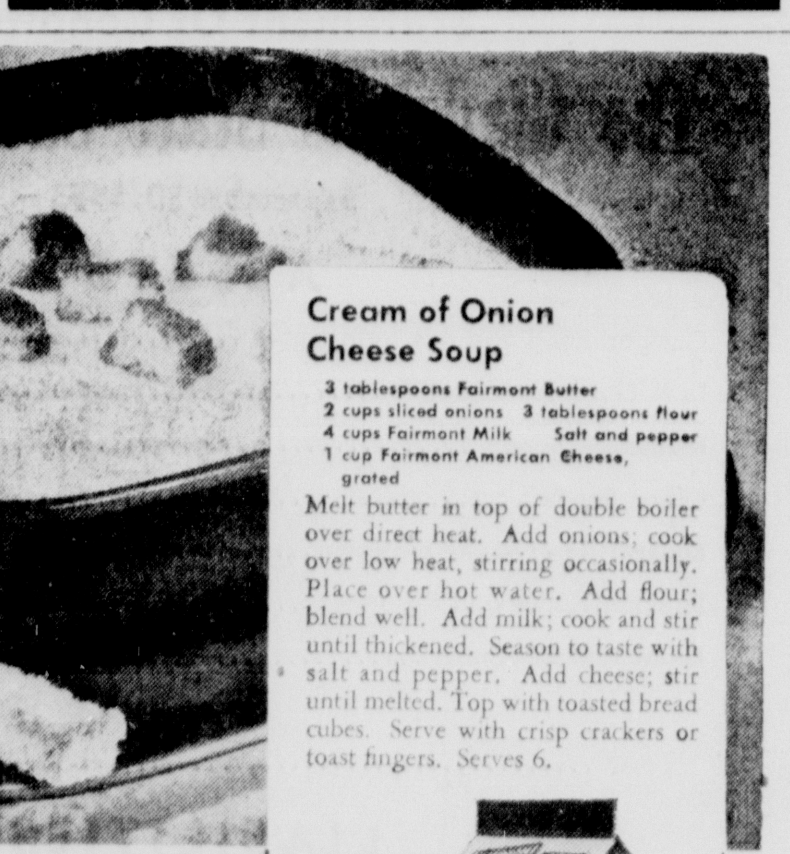

A3/c Marvin Norman, son of Mr. and Mrs. John Norman Jr., arrived home last week for a 15 day tour of duty at the Marine Corps Air Force Base, Tex., Air Force Base, He

sen, Wash.  
Mr. and Mrs. Fred Pike and daughter Shirley and Beverly, Gleason, Wis., spent several days visiting friends and relatives in the Upper Peninsula. They were overnight guests at the Clifford Christenson home at Manistique and visited at the homes of Mr. and Mrs. Pete Trenary and Mr. and Mrs. Carl VanDrese, at Cornwell. They also visited with Mr. and Mrs. Albert Weldum in Rock and Mr. and Mrs. Ted Black at Osier.

Meanwhile, clean pork liver and grind. Soak break crumbs in milk and add to ground liver. In a bowl, combine egg yolks, butter or margarine, onion, parsley, 1 1/2 teaspoons salt and pepper; add liver-bread crumb mixture and mix well. Beat egg whites until stiff but not dry; fold into liver mixture.

When sauerkraut mixture is done, drop liver mixture by tablespoonsfuls into boiling sauerkraut mixture; cover and cook 10 to 15 minutes or until liver dumplings are done. Serve immediately.

## Drunk Driving Charge Denied

Leonard Garcia, 17, Tallurrias, Tex., pleaded not guilty to a charge of driving while under the influence of intoxicants upon arraignment before Justice of Peace O. C. Estenson Monday and hearing in the case was set for Wednesday, Oct. 14.

A cash bond of \$75 was posted to assure his appearance.

He was also arraigned on a charge of driving a motor vehicle without an operator's permit to which he pleaded guilty and paid costs of \$6.60.

Garcia's arrest was the outgrowth of an accident in which a car driven by Garcia collided with another driven by Quenstein DeStase, 51, Detroit, at the intersection of US-2 and 41 with Lowrie Avenue.

The police report indicates Garcia, driving an auto owned by a friend, was on the wrong side of the highway at the time of the collision.

## Obituary

**JENNIE RUSHFORD**  
Funeral services for Miss Jennie Rushford, 83, pioneer resident of Rapid River, are to be held Wednesday morning at 9 at St. Charles Catholic Church in Rapid River with the Rev. Fr. Arnold Thompson, nephew of the deceased, celebrating the solemn mass of requiem. Burial will be in the family lot in the Rapid River Cemetery.

Friends may call at any time at the Skradski Funeral Home where the rosary will be recited this evening at 8.

Miss Rushford had been a resident of Rapid River for 68 years. The family and later Miss Rushford operated the Michigan House for many years, an establishment sold in 1934 to Matt Mahor who remodeled for purposes of an inn.

**LOUIS MACKENZIE**  
Funeral services for Louis Mackenzie, 69, former resident of Gladstone who died in Milwaukee Saturday, will be held at the Kelley Funeral Home Wednesday afternoon at 2 the Rev. Meldon Crawford, pastor of the Methodist Church, officiating. Burial will be in Fernwood cemetery.

Friends may call at any time at the funeral home where the body is resting.

## WIDELY PRINTED

The Bible has been reprinted more than any other book. Each of the early printers inaugurated his career by running off a few copies of the Bible, as if to insure success in his future publications.

## Norway And Sweden Hew Bomb Shelters From Solid Granite

WASHINGTON (AP)—Val Peterson, federal civil defense chief, told President Eisenhower he inspected bomb shelters in Norway and Sweden which "no bomb in the world could disturb."

Peterson reported to the President at the White House on his recent 30-day tour of European civil defense operations. He visited Denmark, Germany, Belgium and England in addition to Norway and Sweden.

Peterson told newsmen he saw bomb shelters and factories built

## Gladstone Observing Fire Prevention Week

Fire Prevention Week is being observed this week, Oct. 4-10.

Like other fire chiefs, Carl Johnson of the Gladstone department affirms that the best fire fighter known is the person who prevents fire.

In order to assist in preventing fire the following list of Do's and Don'ts are offered by Chief Johnson:

Don't drop lighted matches. At home use deep ash trays and make sure the match is out!

Don't let rags which have been used for oil or paint, accumulate in cellar. Throw them away.

Don't use cheap electrical wiring. Make sure it is approved and safe. . . you'll benefit.

Don't use explosive cleaning fluids. It isn't worth the risk. Explosions are dangerous.

Don't use coins to replace "blown" fuses and remember to fix all defective electrical appliances.

Do make sure that your plumbing system has no gas leaks. Do this periodically. Stop fire!

Do the right thing when a fire starts—call the fire department immediately. The phone is 5432.

Do your part to teach your family or employees the dangers

## Briefly Told

**Church Choir**—The choir of the First Lutheran Church will meet Wednesday evening at 7:30 for practice.

**Prayer Meeting**—The regular weekly prayer meeting will be held at 7:30 Wednesday evening at the Bethel Evangelical Free Church.

**ORC Auxiliary**—The Ladies Auxiliary to the Order of Railway Conductors will meet at 2:00 Thursday afternoon at the home of Mrs. Dorothy Lines, 1002 Wisconsin Ave.

**Homemakers Meet**—The Neighborhood Homemakers Club will meet at 7:30 Wednesday evening at the home of Mrs. Charles Erickson, 580 North 10th street. Mrs. Melvin Strom and Mrs. George Minne are the leaders. The lesson will be on "Making Fancy Sweet Rolls."

**Guild Meeting**—A regular business meeting of All Saints Guild will be held at 2:30 Wednesday afternoon in the parish hall. Mrs. Harvey Groleau is the chairman and assisting are the Meses. Lawrence Gross, John Gnat, H. J. Hendrickson, Al Hart and Evon Johnson.

as far as 125 feet underground in both Norway and Sweden. He added the shelters and factories were hewed out of granite.

The only effective defense against hydrogen and atomic bombs, Peterson said, are either shelters and factories built far underground, or tremendous distance between the bomb target and the population.

He said most civil defense authorities to whom he talked believe that both systems of defense should be utilized wherever possible.

## Joyce Snouwaert Is Bride Saturday Of John J. Closs

Nuptial vows were spoken at 9 Saturday morning at All Saints Catholic church by Miss Joyce Marlene Snouwaert and John Joseph Closs. The bride is the daughter of Mr. and Mrs. Frank Snouwaert, 401 Montana ave., and the bridegroom is the son of Mr. and Mrs. Clarence Closs, 411 Michigan ave.

The flowers, consisting of yellow pompons and autumn leaves which adorned the church altars for the ceremony were a gift from the Merten and Snouwaert families in Brussels, Belgium.

Music for the Mass was furnished by the Student choir.

The bride was given in marriage by her father. Her ballerina length gown of white slipper satin was fashioned with a strapless bodice and fitted jacket with three quarter length sleeves, and peter pan collar. The jacket buttoned to the throat with tiny satin covered buttons. Her fingertip veil was secured by a slipper satin halo. She carried a bouquet of baby white pompons centered with tiny roses.

Miss Mary Adele Burton, a close friend, was her only attendant. She wore a mint green satin ballerina length gown with a nylon tulle overskirt and a matching hat. She carried a bouquet of yellow pompons with matching streamers.

Donald Snouwaert, the bride's brother, and close friend of the bridegroom, served as best man. Ushers were Willard Young and Wallace Burnette.

For her daughter's wedding, Mrs. Snouwaert chose a black and white check suit with matching accessories. The bridegroom's mother was attired in a purple dress with a hat in lavender shade and matching accessories. Each had a corsage of variegated pompons.

A wedding dinner for the bridal party was served at Belle's in Escanaba. The reception, with over 300 guests attending, was held at the home of the bride's brother and sister-in-law, Mr. and Mrs. Paul Snouwaert, 406 Montana ave. The wedding cake was cut and served by Miss Cora VanDamme and the misses Yvonne, Patricia and Jean Closs.

The newlyweds have left on a wedding trip to an undisclosed destination. On their return, they will reside at 418 Michigan Ave. The bride attended All Saints school and graduated from Gladstone High school in 1952. She is employed as a general office worker at Marble Arms. The bridegroom attended All Saints School and served three years in the U. S. Army, two of which were spent overseas. He is a machinist at Marble Card.

Out of town guests were Mrs. Phil VanLandschoot, Mrs. Francis VanLandschoot, Mrs. Gene Vinkoski, Mrs. Joe VanLandschoot, Munising; Ed. Snouwaert, Mr. and Mrs. Roger Norlander, Ensign; George Closs, Chicago; David Closs, Albion; Mrs. Kenneth Marske, Rockford, Ill.; Mr. and Mrs. Gerald Kenneally, Mr. and Mrs. Arnold Berg, Mr. and Mrs. Charles Gorenchan, Audrey Valind, Jack Savard, Mr. and Mrs. Henry Frost, Mr. and Mrs. Llewellyn Anderson, Mr. and Mrs. Don Weber, James Legault,

## Will Reorganize Cub Scout Pack

A meeting to reorganize Gladstone's Cub Scout Pack will be held at 7:30 p. m. on Wednesday at the Central School auditorium. It is announced by district Scout executive Andy Houston of Escanaba.

Boys between the ages of 8 and 11 will be registered and assigned to their den groups.

Houston explained that it is the policy of the Cub Pack to require at least one parent to attend this meeting with their son before he can be registered.

The parents part in the Scout program will be outlined by a district Scout official.

Carl Westback has been selected as Cubmaster of the Pack. Committeemen are Oscar Ohman, Mal Nolen, Vince Wilbee, Rev. Meldon Crawford and Ray Norton. Den Mothers are Mrs. Richard Hammond, Mrs. James Schram, Mrs. Dan Finlan and Mrs. Jack Shiner.

## Bark River

Mr. and Mrs. Harvey Sundquist and Mr. Carlson of Tacoma, Wash., left Thursday for home after spending a month visiting with the Adolph Wickstrom and other relatives. Mr. Sundquist is brother of the late Louis Sundquist and John Sundquist, early settlers in the Bark River area.

## Youth Gives Up Job To Aid Crippled Pal 1,500 Miles Away

ST. LOUIS (AP)—An 18-year-old youth gave up his job and traveled more than 1,500 miles to help a boyhood pal who lies paralyzed in St. Louis County Hospital.

Gail Clark, who was working at Pocatello, Idaho, recently learned that his friend, Jerry Hughes Jr., 20, suffered a broken vertebra that left him without use of his arms and legs. Hughes was injured Aug. 9 in a scuffle with a 15-year-old boy.

Clark and Hughes played together as youngsters when their families lived at Leadwood, Mo. Clark now stays with Hughes from mid-night till 9 a. m., turning the injured youth over every two hours, getting him water and other needs.

Hughes' parents, with whom Clark now lives, take turns the rest of the day.

## Business Booming In Swimming Pools

By BOB THOMAS  
HOLLYWOOD (AP)—The movie stars started it, now everybody's doing it—building swimming pools.

Thanks in large part to the stars, the pool business is booming. From 8,000 to 10,000 private pools are being built every year in the United States, more than existed in the whole country prior to 1940.

I learned some fancy facts about this budding new industry from Philip Hsley, president of Paddock Pools.

"There's no doubt that the stars helped the business along," he remarked. "People in this country and all over the world have had a profound interest in what movie stars do. Since so many stars owned swimming pools, they helped popularize pools as a standard of good living."

"However, we would go out of business if we relied on the movie crowd for our business. Because of taxes and other reasons, they don't have the money to spend that they used to."

Fortunately for his business, the general public caught on to the notion of having a man-made lake in the backyard. Part of this is due to the continuing high standard of living and ample leisure time. But the main reason is the new method of construction.

Most pools used to be built in concrete forms. But Hsley developed a way of blowing the concrete onto forms, creating an inverted dome. This cut the cost

more than half and the building time from four months to three or four weeks.

"Anybody who can afford a second car in the family can afford a swimming pool," he said. "You can buy one, complete with filter, for as low as \$2,500."

Because concrete forms are no longer needed, there's no penalty for odd shapes of pools. The old rectangular pool is becoming passe, and folks are going for round ones, kidney-shaped, etc. Hsley's own pool is shaped like a maple leaf. I even saw one that looked like a comma. Belonged to some frustrated writer, no doubt.

## Smorgasbord On Wednesday Night

The Women's Society of Christian Service will have its 4th annual smorgasbord on Wednesday evening at Memorial Methodist Church. Serving will be from 5 to 7.

Serving on the kitchen committee are the Mesdames Milton Findlay, Merle Hoverman, Lewis N. Empson, Nye Quistfort, Charles Smith, Sidney Ridings, Soren Johnson, John Broeckaert, John Murray and Malvina Wilhelm.

On the dining room committee are the Mesdames Herbert Lundmark, Fred Siebert, J. Donald Grenfell, Meldon Crawford, Helmer Peterson, Joseph Van Arman, Mauritz Brink and Walter Lessard.

Advance sale of tickets was handled by Mrs. Grier Ivory, Mrs. Robert Wilbee, Mrs. Hoverman and Wallace Cameron.

## City Briefs

Mr. and Mrs. Dick Schram, 1402 Lake Shore Drive are in Iron Mountain to attend the funeral of Mrs. Schram's grandmother.

Mrs. Felix DeMay, son Fred, daughter Mary Lou and son-in-law and daughter, Mr. and Mrs. James Kennedy spent Sunday visiting with her son Joseph who is a student at the Salvatorian Seminary at Nazianz, Wis., and in Manitowoc and Valders. In Valders they visited with Mr. and Mrs. Henry Bloomquist.

Mrs. Elizabeth Adams and son Ed, Stephenson; Mr. and Mrs. George Adams, Daggett; Mr. and Mrs. Donald Caspersen, Wilson; and Mr. and Mrs. Frank Adams, Escanaba, attended the funeral services for Charles Lemerand which were held Wednesday morning at All Saints Church.

Mr. and Mrs. Webster Marble and son Billy, Ludington, Mich., visited over the weekend with his parents, Mr. and Mrs. William Marble.

Miss Medi Bouillion has left for Lansing where she will visit for a month.

Mr. and Mrs. Edwin Strom, and Ed Bouillion and son Dick attended the Green Bay Packer-Chicago Bears football game at Green Bay Sunday. They returned to Gladstone on Monday.

Lt. and Mrs. Carl Wussow and children have left for Mundell, Ill., to make their home while Lt. Wussow attends school at the Glenview Naval Air Base. Mrs. Wussow and children have been visiting with her parents, Mr. and Mrs. Fred Siebert for the past three weeks.

Mrs. Minnie Payne has returned to her home in Green Bay following a visit with her son-in-law and daughter, Mr. and Mrs. Fred Siebert.

Mr. and Mrs. Louis Burnette, Escanaba; Mr. and Mrs. Clifford Larsen, Earl Closs, Danforth; Mr. and Mrs. Wm. Pudvin, Mr. and Mrs. Leonard Nelson, Gladstone Route One.

## Minor Has Beer And 2 Are Fined

A week ago, Tuesday, Sept. 29, John A. Lundberg Jr., 18, Ensign,

was arrested by Michigan State Police on a charge of illegal possession of beer in an auto and the following day was arraigned before Justice of Peace A. T. Sohlberg, entered a plea of guilty and paid a fine of \$50 and court costs of \$4.30.

Yesterday Corporal Mike Lalich of the Michigan State Police and Chief of Police Torval Kallerson arrested Mrs. Eva Carlson, an employee of the William Cook store on 4th Ave. N., for selling two 6-packs of beer to Lundberg, a minor, and upon arraignment before Justice of Peace Sohlberg she pleaded guilty and was sentenced to pay a fine of \$25 and costs of \$6.60.

# MANISTIQUE

## Customs Service Outlined Here

Operation and history of the U. S. Customs Service was outlined for members of the Manistique Rotary club Monday noon by James Riley, U. S. customs representative at Sault Ste. Marie.

Riley pointed out that the customs service in the United States is over 160 years old, and that the word "custom" was used with the same meaning in the Old and New Testament of the Bible. The word "tariff," he said, comes from an African village with that name.

The Customs Service official explained that it is the duty of this government organization to see that duties are paid on goods entering the country and to detect efforts to conceal merchandise.

A 24-hour watch for narcotics is maintained, he told Rotarians. He also cited instances of attempts to defraud the government through concealment.

Airplanes entering the United States are required to call the customs service at Sault Ste. Marie before leaving, and must always give at least one hour notice of their arrival, Riley noted. A customs man then meets the plane at the airport, he said.

Arrangements for the program were made by Atty. George J. Mauritz of Manistique. The speaker was introduced by J. Mauritz Cassen.

## Mrs. Siddall Is New Worthy Matron For Eastern Star

Mrs. Carlton Siddall was elected matron of Ida Chapter No. 54, Order of the Eastern Star, at the regular October meeting held Saturday evening in the Masonic Temple.

Other members named to office were: Arthur Thorp, worthy patron; Mrs. Axel Allert, associate matron; John Hanson, associate patron; Mrs. Howard Hewitt, conductress; Mrs. Malcolm Nelson, associate conductress; Mrs. Lloyd MacDonald, secretary; Miss Winnifred Orr, treasurer.

Appointive officers will be selected by the new worthy matron, and installation will take place Oct. 24. This installation will be open to all members and friends of the Chapter.

During the business meeting Saturday yearly reports were presented by the secretary, treasurer, auditing committee and sunshine committee. The present worthy matron, Mrs. Arthur Thorp, officers and members for their loyalty and friendship during her term of office.

A mock coronation of Mrs. Siddall closed the meeting. Those taking part were Mrs. Grace LeRoy and Mrs. James Fyvie, heralds; Omar Nelson, royal marshal; Mrs. Ira Crawford, Mrs. Robert Hoar and Mrs. Clifford Cool, ladies in waiting; and Mrs. Leslie Bouschor, Madame Foo Foo, the court seeress. Arthur Thorp was crowned assistant in the mock ceremony.

Refreshments were served by the following committee: Mr. and Mrs. Lee Wood, chairman; Mrs. Nellie Raredon, Alex Robertson, Mrs. Leslie Bouschor, Mrs. Clinton Leonard and Mrs. Joseph Freeman.

### Heavy Sleeper

DENVER (AP)—Anthony Gentile told police that before going to sleep in his room he had placed a billfold containing \$25 under his pillow. When he awoke, billfold and money were gone. So was the pillow.

George Washington was a member of the Virginia House of Burgesses (legislature) for 16 years.

### Briefly Told

**St. Rita's Circle**—St. Rita's Circle will meet this evening at 8 o'clock at the home of Mrs. Alvin Nelson, 324 Range street.

**St. Girard Circle**—The St. Girard Circle will meet this evening at 8:00 at the home of Mrs. Russell Thomas, R.F.D. No. 2.

**C. Y. O. Meets**—The C. Y. O. will meet at 7:15 p. m. tomorrow at the St. Francis de Sales School hall. This is the first meeting of the year and the program for the evening will include election of officers, registration of members and planning for the year. All former members and those who wish to become members are urged to be present.

Ages of members of the 83rd Congress range from Rep. Wampler (R-Va.), 26, to Sen. Green (D-R), 85.

## Sportsmen Will Hear MUCC Man

Harry Gaines of Grand Rapids, secretary-manager of the Michigan United Conservation Clubs, will meet with the Schoolcraft County Sportsmen's club tonight to discuss problems and legislation in conservation.

The MUCC director also is to review affiliation with the statewide organization of conservation clubs.

In the past there has been "considerable dissatisfaction" with the actions of the MUCC, the Schoolcraft Club reports, and proposals originating in Upper Michigan have been ignored.

Everyone interested in conservation and legislation concerning game control is urged to attend the meeting, which will be held at the Sportsmen's club, beginning at 7:30 p. m.

## Near-Blind Can Be Helped With New Type Lens

Upper Michigan Optometrists, at a meeting here this past weekend, heard discussion on use of the new Fineloom microscopic lens by Dr. Paul L. Connolly of Detroit.

Dr. Lyle J. Wilson and Dr. C. L. Novak of Manistique were co-chairmen for the two-day meeting here, attended by approximately 35 U. P. optometrists.

Emphasizing that the Fineloom lens provides magnification rather than visual correction, Dr. Connolly noted that it was used when telescopic lenses failed to help in subnormal vision.

With this new lens the near-blind can once again see, but the lenses help in roughly only 50 percent of the cases, Dr. Connolly noted. Sometimes, he said, close to normal vision can be provided with these, but not with all people. Persons with 20/200ths or more vision can be helped with the microscopic lens, he pointed out, but not the totally blind.

State agencies concerned with rehabilitation now are sending handicapped persons for examination for these lenses instead of to schools to learn Braille, it was pointed out.

Dr. Connolly also discussed the isokinetic lens, which equalizes images when a patient has more visual power in one eye than in the other. He outlined new theory and instrumentation for optometrists in use of these.

Dr. Gilbert J. Roth of Detroit and Dr. Alexander Paradzinski of Detroit discussed legislation concerning the practice of optometry during the sessions here.

Meetings were held in the Hotel Ossawinimakee.

### Obituary

**JOHN RICHARD JOHNSON**  
Funeral services for John Richard Johnson of Manistique, Rte. 1, who died suddenly Sept. 30, were held at 2 p. m., Monday from Messier-Broullire Funeral Home.

The Rev. Reuben Kaupilla of the Negaunee Apostolic Lutheran Church officiated and burial was made in Fairview cemetery.

During services Mrs. Julius Settergren sang "Abide with Me" with Mrs. Scott Creighton as organ accompanist.

Palbearers were James Hubble, Albin Nelson, John Sypher, William Durno, Maurice Hellsten and John Manning.

**ALBERT JOHNSON**  
Funeral services were held at 4 p. m., Monday for Albert Johnson of Indian Lake, who died Oct. 2.

Rev. G. A. Herbert, pastor of Zion Lutheran Church officiated at services in Messier-Broullire Funeral Home. Mrs. Julius Settergren sang "Beautiful Isle of Somewhere" and "Beyond the Sunset" with Mrs. Scott Creighton accompanying at the organ.

Palbearers were Omer Olson, Agner Dehlin, Arthur Dreydahl, Clarence Thorrell, Leo Dean and Oscar Johnson.

Burial was in Fairview cemetery.

### JAMES COWMAN

Funeral services for James Cowman, who passed away Sunday evening, will be held at 2 p. m., Wednesday from Messier-Broullire Funeral Home with the Rev. Edgar Smith, pastor of First Methodist Church, officiating.

Burial will be in Lakeview cemetery. Friends now may call at the funeral home.

### Social

**Engagement Told**  
Mr. and Mrs. Ted Tunturi of Ishpeming, former Munising residents, are announcing the engagement of their daughter, Lois JoAnn, to John E. Hockstad, son of Mr. and Mrs. John L. Hockstad of Munising, who are former Manistique residents. The bride-elect is a nurse in St. Luke's Hospital in Marquette. The couple will be wed in November when Mr. Hockstad, a Manistique High School graduate, obtains a leave from the Naval station at Bethesda, Md.

**Social Club Meeting**  
The Social Club will meet Wednesday night, Oct. 7 at 8 p. m. at the home of Mrs. Frank Duquette, 232 Schoolcraft Avenue. Assistant hostess will be Mrs. Frank Morey.

**Shower Party**  
Mrs. Francis Stoken and Mrs. Ray Ranguette entertained at the latter's home, 343 North Cedar, Thursday evening, to honor Mrs. Jules Rivard.

The party was a pink and blue shower and guests played games during the evening. Prizes in five hundred were awarded to Mrs. Herbert Asp, Mrs. Henry Chandanis, and Mrs. Art Demars. Mrs. U. M. Aynard, Mrs. Bonard Tatrow and Mrs. Norbert Tatrow received the prizes in canasta. Bunco awards went to Mrs. Annie Mayo, Mrs. Celestine

## Manistique Has 33 At Bankers' Meeting Saturday

Thirty-three employees and officers of the Manistique First National and State Savings banks attended meetings of the Michigan Bankers' association at Elanay Park Saturday.

Rex Teeters, president of the association, J. W. Frentz Jr. of Minneapolis, George W. Miller of Chicago were the principal speakers.

A smorgasbord was held Friday evening and a banquet Saturday evening, at which Dr. Tennyson Geyer of Findlay, Ohio, was the guest speaker.

Those attending were Mr. and Mrs. William J. Shinar, H. K. Bundy, Mr. and Mrs. Leonard Males, Mr. and Mrs. E. G. Carlstrom, Mr. and Mrs. R. G. Hentschell, Mr. and Mrs. E. E. Cookson, Mary Danko, Beatrice Berger, Barbara Harding, Edith Anderson, Lois Makinen, Elizabeth Nylander and Beverly Winsor of the State Savings Bank; and Mr. and Mrs. J. L. LeDuc, Fred Haine, J. Mauritz Carlsson, Thomas H. Bolitho, Malcolm Nelson, Roy Anderson, Morrie Laux, Shirley Patz, Star Hanson, Eileen Archey, Jeannette Fagan and Charlene Eick of the First National Bank.

Miss Sonia Willson, of Flint, visited at the Alvin Nelson home recently. Miss Willson is a former resident of Germfask.

Mr. and Mrs. Alvin Nelson and son, Joey, visited with Mrs. H. H. Powers at St. Ignace Sunday.

Mr. and Mrs. Arthur Fountain and son, Roland, visited for a few days last week in Marquette, Ishpeming, Big Bay and Munising.

Mrs. Fred Haine has returned from Lansing where she attended meetings of the American Legion auxiliary Saturday and Sunday. Mrs. Haine is president of the district 11 auxiliary.

Mrs. Grady Steele and daughters, Nancy Jean and Margaret Mary of Pensacola, Fla., Mr. and Mrs. Louis Farley, Antone Farley and Albertine Goudout of Garden, Mr. and Mrs. Kenneth Spalding and Mrs. Ray Spalding of Gladstone visited last week with Mr. and Mrs. William Gentz, Garden Ave.

Miss Evelyn Gunnarson, returned Sunday from a two-weeks' visit with relatives in Detroit.

The Misses Roberta Nelson, Jean Swingle and Louise Hall returned to Marquette Sunday after spending four days at their homes. The girls, students at Northern State Teacher's College, were accompanied to Marquette by Malcolm Nelson and his two sons.

Miss Betty Flodin is spending this week visiting at the home of her brother and sister-in-law, Mr. and Mrs. Leonard Flodin, in Chicago. She expects to return home Saturday.

Mr. and Mrs. Jack Wilson and Mr. and Mrs. Jack Martin attended the Bears-Packard football game in Green Bay Sunday.

Mr. and Mrs. Larry Pearson and daughter, Beatrice, returned to their home in Muskegon Sunday after spending several days at the Lester Richards home, 325 Oak street. Mrs. Pearson is the former Delia Ann Richards.

Mr. and Mrs. Vern Dufour returned Sunday from a two-weeks' motor trip through the East, visiting various places in New York and Massachusetts.

Mrs. Fern Cook returned Sunday from Marquette where she had been spending several days with her son and daughter-in-law, Mr. and Mrs. Walter D. Cook, while receiving medical attention. She was accompanied home by her grandson and his family, Mr. and Mrs. Walter R. Cook, and two children.

Mr. and Mrs. Walter Linderoth returned Sunday evening from a motor trip to Lansing and Ann Arbor.

Mr. and Mrs. Joseph Paull and family have returned from Lansing and Ann Arbor. While they attended the 50th Reunion of the University of Michigan Forestry school.

Mr. and Mrs. Orville Houghton and children, of Centerline, were weekend guests at the home of Mr. and Mrs. Adam Houghton, 648 Garden Avenue.

Mr. and Mrs. Joseph Paull and family have returned from Lansing and Ann Arbor. While they attended the 50th Reunion of the University of Michigan Forestry school.

Mr. and Mrs. Joseph Paull and family have returned from Lansing and Ann Arbor. While they attended the 50th Reunion of the University of Michigan Forestry school.

# Martin's Single Gives Yankees Fifth Series

**By GAYLE TALBOT**  
NEW YORK (AP) — The player whom Casey Stengel loves above all his other Yankees stroked the ninth-inning single which won the deciding game of the 1953 World Series and made the Old Professor the only manager in the history of the game to win five straight world championships.

Billy Martin's one-out drive to center field brought Hank Bauer in from second and gave the Bombers their thrilling 4-3 victory and crushed the resurgent Brooklyn Dodgers.

Stengel brings Martin, the hard-bitten little scrapper he managed at Oakland, into almost every conversation.

**Dressen Had Him**  
Even Chuck Dressen of the Dodgers holds a soft feeling for the kid who buried his hopes. By one of baseball's choice coincidences, he managed the boy he refers to as "that tough little monkey" the year before Casey did at Oakland.

Brooklyn players, however, hold the young man in very low esteem. He is, in fact, their unfavorable Yankee because they consider him a popoff and all-around smart alec.

While the Brooks went down in

six games this time instead of the seven they normally insist upon they were by no means outclassed. Their lack of pitching depth finally told on them, as it figured to do, but they proved themselves the stout hitters and they never quit punching.

**Furillo Tagged Homer**  
Few who saw it will forget the heart-stopping home run that Carl Furillo dropped into the right corner with one down in the top of the ninth to score Duke Snider ahead of him and tie the score at 3-3.

The Yanks had been leading from the game's opening minutes. They were in front by 3-0 after two innings, and the Dodgers finally had scored a loner off young Whitey Ford in the sixth only because Jackie Robinson took charge with a double, stole third without drawing a throw and raced in on an infield out.

The Dodgers' chances looked even slimmer when Stengel, playing strictly a hunch, brought Allie Reynolds in to relieve Ford to start the eighth.

But in the ninth, with one out, Duke Snider worked Reynolds for a walk. Furillo, who previously had hit Ford for a double and a single, first brought the crowd up yelling with a punch down the right line which barely blew foul. Then, with the count 3 and 2, he socked the next one into the stands.

When the din died down, Reynolds struck out Billy Cox and Clem Labine in succession.

**Walks Speedy Bauer**  
Labine walked Bauer, the first man to face him in the Yankee half. Berra lined one to Furillo. Mickey Mantle barely got his bat on a pitch and popped a dribbler toward third base which Billy Cox couldn't handle, and Bauer raced to second on the hit.

Martin let the first pitch to him go past for a called strike, which he didn't like. The next one he belted squarely just to the left of second base into center field. Snider came tearing in to take it on the hop, but didn't even bother to try a throw to the plate. Bauer, one of the fastest base runners in the game, couldn't have been

tagged with a rocket gun.

Reynolds gained credit for his seventh World Series victory. It ties the Chief with a Yankee right-hander before him, Red Ruffing.

The sad figure of the contest was Carl Erskine, the Dodger right-hander who fanned a record 14 Yankees in the third game. He didn't have the same stuff after only two days' rest. When Erskine gave way to a pinch hitter in the fifth he had yielded three runs and six hits. His failure doomed the Dodgers.

## Call Hockey Meeting Here Tomorrow Night

A preliminary organization meeting to make plans for Escanaba's entry in the Northern Michigan Hockey League in the 1953-54 season will be held on the second floor of the Escanaba Elks Club tomorrow evening, beginning at 7:30.

This will mark Escanaba's fourth year in the fast N-M circuit composed of Calumet, the defending champion; Portage Lakes of Houghton, home of the famous Bukoviches; Marquette and Escanaba.

Escanaba's Hawks made great strides in their short time in the

N-M loop. In their inaugural season, they finished in fourth place ahead of the Marquette Sentinels. In 1951-52, they again outpaced Marquette to finish third.

Last year, they ousted Marquette in a sizzling three-game semifinal series to qualify for a championship finals berth for the first time. In a best-of-five title series, Escanaba lost to Calumet in a four-game finals last March.

Sports fans of the Escanaba area have expressed great interest in the local team continuing in the so-called fast league. The popular winter sport has caught the fancy of local fans to the point where last season's attendance mark of approximately 12,000 far exceeded any previous season.

For that reason, the Escanaba Hockey Club will meet tomorrow night to reorganize and make plans for the coming season. A report on the prospective makeup of the team this season will be made.

## Earl Sande Finishes Third In Comeback

NEW YORK (AP)—Jockey Earl Sande, the kinks shaken out of his 54-year-old legs, Monday will take O. V. Whitney's 2-year-old Blue Skies postward in the seventh race at Belmont Park today.

Earl rode his first race since 1932 Monday and finished third on Honest Bread in the third race. He was only two lengths off the pace. First Copy won it, followed by Capeador.

"I get a little tired, and the horse tired, too," he said happily. He won \$25 for the effort.

"I was so nervous I didn't know whether I had a saddle or not," said Sande, who rode immortals like Man O' War, Zev and Gallant Fox to some of their greatest victories.

## Famed Ad Wolgast Is In Critical State

CAMARILLO, Calif. (AP) — Ad Wolgast, who held the world's lightweight boxing title from 1910 to 1912, is critically ill in a state mental hospital that has been his home for years.

Wolgast, who won the title by a technical knockout over Battling Nelson in 40 rounds, is suffering from an upper respiratory infection. Doctors have been trying to ward off pneumonia. Wolgast, now 63, has been quite feeble for the last year or so.

Punishment he absorbed in the ring may have caused a brain injury. He spent most of his life in asylums, being first adjudged insane in Michigan in 1916.

At the peak of his career Wolgast was said to be worth \$250,000.

## J. C. Caroline Off To Fast Grid Start

**By JOE MOOSHIL**  
CHICAGO (AP)—Illinois' fighting Illini move into Buckeye country Saturday for their Big Ten opener against favored Ohio State and with them goes a touch of South Carolina.

By name, he's J. C. Caroline of Columbia, S. C., a sophomore speedster who's being tabbed the cream of Western Conference newcomers.

This 20-year-old Negro with the ringing name said he came to Illinois to emulate his idol, Buddy Young, an Illini football flash in the 40s.

**Goat to Hero**  
Against Nebraska a week ago Saturday he reverted from goat to hero in 60 minutes. A couple of defensive errors and his fumble on the one-foot line helped the 'Huskers to a quick lead.

But J. C. redeemed himself. He whipped off a 73-yard run for one touchdown. Then he was the main

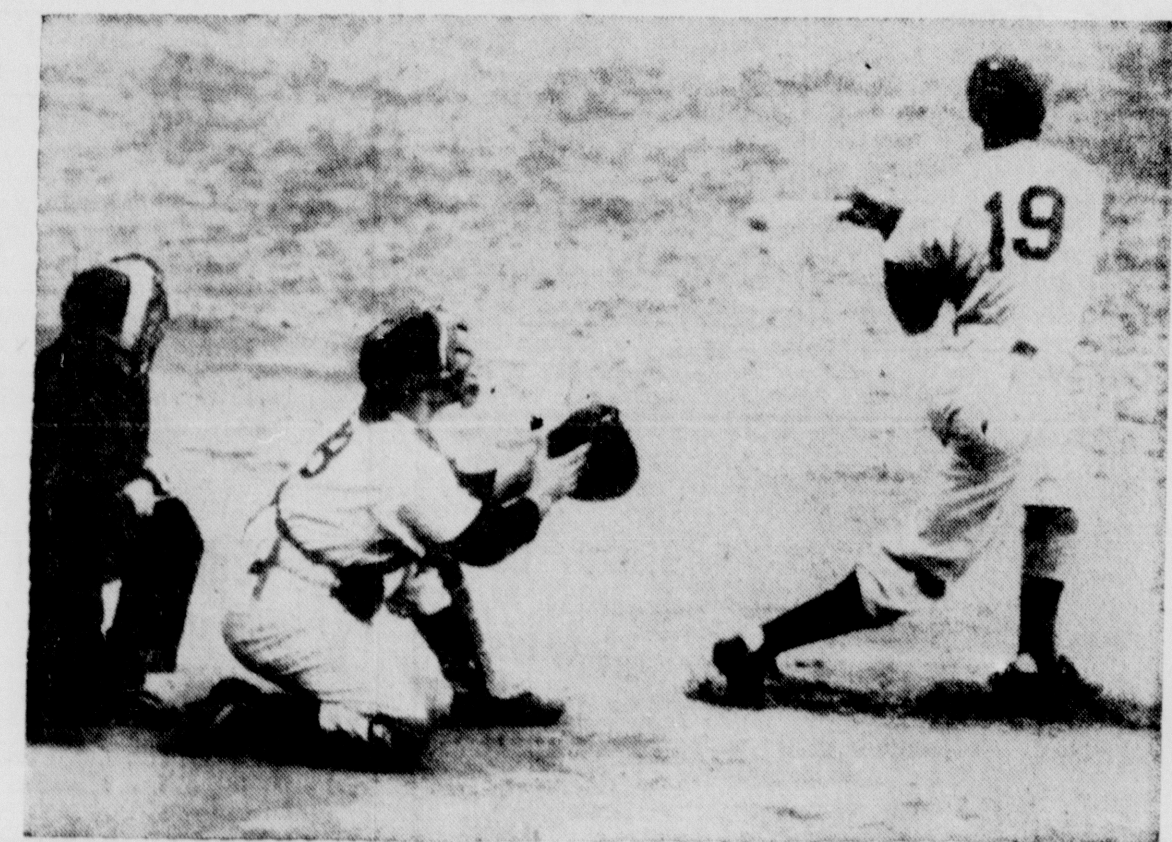

factor in the game's final touchdown which enabled Illinois to gain a 21-21 tie. In all he picked up 142 yards in 17 tries for an 8.9 yard average.

## Topped Stanford's Total

Against Stanford last Saturday he ran for 133 yards compared to Stanford's entire ground net of 126 yards. His runs, including a 45-yard jaunt, helped Illinois score three times in the final quarter and beat the Indians, 33-21. He now has averaged 7.7 yards in 36 carries.

Like Young, Caroline is exceptionally fast and once in the clear can go all the way. But unlike the stock Young, Caroline is a lanky, 184-pound six-footer.

Says Coach Ray Eliot, "before he's through, Caroline could be one of the Big Ten's best running backs."

**YANKS TAKE FIFTH SERIES IN A ROW** — Junior Gilliam fouled Whitey Ford's second pitch off the backstop and out of play to open the sixth game of the World Series, Yogi Berra

catching, and Bill Stewart is the plate umpire. The Yanks took the game and the series with a 4 to 3 win on Billy Martin's single in the ninth inning. (NEA Telephoto)

## Host Of Marks Set In Series

NEW YORK (AP)—World Series marks fell all over Yankee Stadium and Ebbs Field in the 50th annual classic.

Billy (The Kid) Martin New York Yankees' second baseman, established two and tied four. He had the most base hits (12) and the most total bases (23) and tied for the highest batting percentage (six games) (.500), most runs batted in (8), most triples (2) and most extra-base hits (5).

The records broken (based on a six-game series) included:

- Individual
  - Most strikeouts, one pitcher, total series — Allie Reynolds, Yankees, 62.
  - Most strikeouts, one pitcher, game — Carl Erskine, Dodgers 14 (third game).
  - Team
    - Most base hits, both clubs, one series — 120 (Dodgers 64, Yankees 56).
    - Most home runs, one club, one series — Yankees 9.
    - Most home runs, both clubs, one series — 17 (Yankees 9, Dodgers 8).
    - Most extra-base hits, one club, one series — Dodgers 22.
    - Highest batting percentage of one series — Dodgers 22.
    - Club losing series—Dodgers 300.

## Notre Dame Keeps Top Grid Ranking

NEW YORK (AP)—Notre Dame, fresh from its second smashing triumph, remains the popular choice as the best college football team in the country while three Big Ten schools have enhanced their top 10 ratings.

The Fighting Irish, who enjoy an open date Saturday after wearing down Oklahoma and trampling on Purdue, received 84 of 129 first-place votes cast and 1,190 points in the second weekly Associated Press poll.

Michigan State, with two consecutive Big Ten victories under its defending national championship belt, remains in second place with 15 firsts and 1,022 points.

**Buckeyes Climb**  
Ohio State jumped from sixth to third after an impressive 33-19 triumph over California, while Michigan fell a notch to fifth despite a 26-7 victory over Tulane. The Buckeyes scored 769 points to 636 for Michigan.

Maryland, dropped from third to fourth, received 733 points. UCLA followed with 430 points. Southern California 424, Duke 311, Baylor 288 and Georgia Tech 227 to round out the top 10.

**Duke Joins Top 10**  
Duke is the new entry on the list. The Blue Devils advanced from 12th to eighth following a 21-7 victory over Tennessee. Oklahoma, eighth a week ago, tumbled to 16th due to its 7-7 tie with Pitt.

The second 10: 11—Rice 177; 12—West Virginia (5) 168; 13—Mississippi State (3) 164; 14—Louisiana State 84; 15—Texas 68; 16—Oklahoma 63; 17—Pittsburgh 32; 18—Northwestern 29; 19—Holy Cross 23; 20—Mississippi Southern 21 and Pennsylvania 21 each.

Other teams which received 10 or more points: Navy 20; North Carolina 19; Wisconsin 15; Illinois 13; Missouri 12; Iowa 10.

# Casey Claims His Yankees Could Win Again In 1954

**By THE ASSOCIATED PRESS**  
NEW YORK — Prof. Casey Stengel, the only manager in the history of major league baseball to win five straight World Series, held court in his office at the Yankee Stadium Monday and said:

"This club has a good chance to win the pennant in 1954 — unless the other clubs get stronger."

"Me retire? I have no intention of retiring."

"That was the best ball club we've played in the last five years," he shouted, referring to the

defeated Brooklyn Dodgers. Then about his young second baseman, Billy Martin, who broke up the ball game with a hit and tied the record of 12 hits in a World Series:

"Best In World"

"He's developed into the greatest second-baseman in the world. I started out with him as a raw kid in Oakland and he came back and made me a bigger man than I ever was."

With his famous wink, he continued:

"Almost made a wrong decision, didn't I," referring to his lifting starter Whitey Ford in favor of ace Allie Reynolds in the ninth.

"I come in with Reynolds with a two-run lead. Then that guy (Dodger outfielder Carl Furillo who hit a game tying home run) bangs one. Put me to thinking."

Ford confided that he wasn't tired when he was lifted and, as a matter of fact, was a little annoyed.

"But the manager knew what he was doing," Whitey shrugged. "He was right as he has been for the last five years."

Reynolds said, "that home run Furillo hit off me wasn't a strike. Maybe I just didn't have as much stuff on that one as the pitch before when he fouled into the seats. That one was a fast ball in the strike zone."

Despite their personal feeling for Martin, the entire Brooklyn squad voiced praise for the spindly-legged infielder.

"It was that blankety-blank 250 hitter that beat us," said Manager Charlie Dressen. "he's the best blankety-blank man on their club."

"That little Martin is mean. He'll trip you, fight you or cut you. He'll knock your brains out if he can. He's that kind of a ball player. He's the best ball player they've got. 'If we had gotten the relief pitching in the first two games we got in this one, we would have won. Clem Labine (who was on the mound when Martin got his big hit) pitched well."

Labine refused to talk to any-

one, but catcher Roy Campanella said it was a good pitch that Martin hit.

"It was a sinker and it was just right," he said. "He just got hold of it."

Peewee Reese, who has been on the losing side five times in these Yank-Dodger classics, philosophized:

"Oh, well, I guess I'll get another shot next year."

**His Biggest Thrill**  
But in the Yankee clubhouse, Martin appeared like anything but a show-boat type as he was besieged by reporters.

"I couldn't believe I did it," he said happily. "It was the biggest

thrill of my life."

"I kept hoping that Mickey (Mantle) would get on base. I felt confident I would get a hit."

Martin admitted the Dodger bench jockeys were giving him a rough time but he said he didn't mind it a bit.

"I never paid any attention to them," he said. "Sure they called me all kinds of names, but I called them some good ones, too, when they came to bat. Campanella, especially, had it in for me because he claimed I tried to run over him during the final play of the fourth game. That wasn't so. I was just trying to score. What was I supposed to do? let him tag me out?"

## In This Corner

With Ray Crandall

Red Holmes set an early mark for Escanaba bowlers to shoot at when he fired a 701 three-game set at the Arcade Alleys last Friday night. Red had his hook working perfectly as he clipped off games of 215, 264 and 222 in that order. He rolled eight straight strikes before missing the pocket in the ninth frame of his middle game. That's one of the few 700 series posted here in recent years.

There is at least one football observer who isn't impressed by the five straight victories strung up by the Sault Ste. Marie Blue Devils. Bob Blair, sports editor of the Soo (Ont.) Star, recently wrote: "After viewing the grid tussle between Soo Collegiate and Soo, Mich., we have our doubts as to the all-around strength of the American aggregation. No, we just can't see the vaunted power of Sault High resulting in an unbeaten season."

Manistique baseball fans joined the 'Stique grid followers in victory celebrations over the weekend. The Emerald gridgers edged Munising 7-6 for a coveted Great Lakes Conference victory Friday night. And Sunday afternoon the Cardinals won the Bay de Noc baseball league playoff championship by beating Cooks 10-5. The Cards' battery of pitcher Don Carlson and catcher Dick Makinen will be broken up as Makinen is being called back into the Army Engineers as a reserve lieutenant. Manager Fred Lesica waved the big stick for the Cards in the playoffs with eight hits in 13 trips for a .615 average. He had a .433 mark in 22 games during the entire season.

## Priddy Will Manage West Coast Rainers

DETROIT (AP) — Jerry Priddy, Detroit second baseman and utility infielder since 1950, will be playing-manager of the Seattle Rainiers in the Pacific Coast League in 1954.

The Tigers announced Monday that Priddy, now 33 and a major leaguer for 13 years, and Billy Hitchcock, a 11-year veteran of 35, had been taken off the active player list.

A few hours later Deey Soiano, general manager of the Rainiers, announced the signing of Priddy to a one-year contract at "a handsome salary." He said Detroit already had asked waivers on Priddy.

**Succeed Lyons?**  
Hitchcock's removal from the active player list heightened speculation that he will succeed Ted Lyons as a Detroit coach. Lyons and Rick Ferrell have been released and Johnny Hopp signed to succeed Ferrell.

Manager Fred Hutchinson, a native of Seattle, also removed himself and coach Bob Swift from

the active player list. Hutchinson placed himself on the list late in the season to bolster a wobbly pitching staff, and Swift was placed on it to permit him to catch his 1,000th major league game. Swift had 999 before he became a coach this season.

**'Buy' And 'Sell'**  
Detroit also "bought" four players from its International League farm at Buffalo Monday and "sold" the Bisons six.

The Tigers got contracts on Frank Lary, righthanded pitcher; Clarence (Bud) Hicks, shortstop; Frank Bolling, second baseman, and Jim Bunning, righthanded pitcher.

Buffalo got contracts covering Eddie Kazak, a veteran third baseman; Frank Carswell and Russ Sullivan, outfielders, and Ken Fremming, Dave Madison and The Tigers sent pitcher Ted Kapuscinski to Wilkes-Barre of the Eastern League for the contract of first baseman Keith Little, and bought pitcher Milo Johnson (16-11) from Little Rock.

## Midwest Grid Notes

CHICAGO (AP) — Midwest football briefs...

**Iowa**—Hawkeye coach Forest Evashevski says his regulars didn't get to play enough in Iowa's 54-12 victory over Washington State. With Michigan coming up, Evy thinks his first-stringers. He needed more game experience.

**Michigan** — Although the Wolverines beat Tulane 26-7 Saturday, coach Bennie Oosterbaan says their blocking was "not good enough for upcoming Big Ten games."

**Wisconsin** — Halfback Roger Dornburg and guard John Dixon missed practice Monday because of injuries received in the 13-11 victory over Marquette. Clarence Bratt is being groomed to replace Dornburg and Clarence Stensby to take over Dixon's spot against UCLA.

**Illinois** — Quarterback Elroy Falkenstein and halfback Mickey Bates have drawn promotions to Illinois' No. 1 team for the Ohio State game. Both starred in the 33-20 triumph over Stanford.

**Purdue** — End Tom Redingers has a shoulder separation and is reported out of action for at least 10 days.

**Indiana** — Coach Bernie Crimmins thinks his team is in good physical and mental condition despite successive losses to Ohio State and Southern California. There have been no Hoosier injuries in the two games.

**Northwestern** — Sophomore halfback Bob McKeiver is still hobbled with a swollen ankle.

**Ohio State** — Ken Vargo, sophomore center, has been promoted to the Buckeyes' first team on his excellent performance in the 33-19 Buck victory over California. He replaces Jerry Krisher for the Illinois game.

**Montreal Leads Little World Series By 3-0**  
MONTREAL (AP)—The Montreal Royals can clinch the Little World Series Wednesday with a victory over the Kansas City Blues.

Montreal defeated the Blues 5-3 Monday night to take a 3-0 lead in the best-of-seven series. The fourth game will be played at Kansas City.

Lefty Tom LaSorda, who won 15 and lost eight for the Brooklyn Dodgers No. 1 farm team during the regular season, allowed Kansas City only eight hits Monday as he pitched the Royals to within one game of victory in the series over the New York Yankees' No. 1 minor league club.

The Detroit Lions have on their roster 15 men who, formerly played with other teams in pro football.

Kyle Rote, halfback on the New York football Giants, recently was named director of a Texas insurance company.

NOTICE OF SEVER EXTENSION Pursuant to a resolution adopted by the City Council, NOTICE IS HEREBY GIVEN that the City of Escanaba proposes to make the following improvement, viz:

To extend the sanitary sewers in the alley between 2nd and 3rd Streets north, from 10th Ave. N. to 11th Ave. N.

The Council has designated as the district to be assessed for said improvement, all the lots and parcels of land fronting and abutting upon said proposed improvement, the same to be assessed according to benefits derived therefrom.

The Council will meet at its regular session on the 18th day of October, 1953, and will hear objections to the improvement as aforesaid, and to the district to be assessed, at that time.

Dated: Oct. 2, 1953. GEORGE M. HARVEY, City Clerk. 11609-Oct. 6

STATE OF MICHIGAN

In the Circuit Court for the County of Delta. In Chancery.

JAMES W. CULLITON, Plaintiff, vs. MADELINE CULLITON, Defendant.

ORDER FOR APPEARANCE AND PUBLICATION

Suit pending in the Circuit Court for the County of Delta in Chancery, on the 11th day of August, A. D. 1953. In the above entitled cause, it appearing that the Defendant, Madeline Culliton, is not a resident of this State, but she resides at 1907 2nd Avenue, New York City, New York.

Therefore, on motion of NICHOLAS P. CHAPKIS, Attorney for the Plaintiff, IT IS ORDERED, that the defendant enter his appearance in said cause, on or before three (3) months of the date of this Order, and that within forty (40) days, the Plaintiff cause this ORDER to be published in the Escanaba Daily Press, a newspaper published and circulated within said County, said publication to be continued once each week for six weeks in succession, unless the order shall have been otherwise served, in accordance with the laws of the State of Michigan and the Court Rules in such case made and provided.

Dated this 11th day of August, A. D. 1953. GLENN W. JACKSON, Circuit Judge.

NICHOLAS P. CHAPKIS, Attorney for Plaintiff. 1016 Ludington St. Escanaba, Michigan. 11591-258-6 Tues.

If ice is put into water and the two cooled the temperature of both will remain 32 degrees Fahrenheit until all the water is frozen.

## Sunken German Ship Is Menace

PORT HURON (AP) — The sunken German freighter Wallschiff, resting on the bottom of the St. Clair River here, has been declared a "menace to navigation."

David Ross, harbormaster of Sarnia, Ont., told the Canadian Department of Transport that the 882-ton vessel is a menace to navigation. He also warned that "conditions may worsen at any time."

The Wallschiff, owned by the Luebeck Lines of Hamburg, was reported listing toward the deeper water of the heavily-traveled up-bound shipping channel. She is resting in 62 feet of water about 100 yards from the center of the channel on the Canadian side of the swiftly flowing river. Only her masts remain above water.

The tiny German freighter was sunk Friday night in a collision with the 10,000-ton ore carrier Pioneer, owned by the Cleveland Cliffs Line. The ore carrier was not badly damaged, but the German ship went to the bottom in seven minutes, her Canadian pilot dying in the crash. The crewmen were saved.

Ross warned if the ship continues to slide, it could block the vital Great Lakes waterway, one of the busiest in the world.

The river is narrow at this point. It is the sole ship passage linking Lake Huron to Lake St. Clair.

Meanwhile, the Wallschiff's owners have opened bids for her salvage. Part of the cargo was 325 tons of steel.

### Danforth

**Briefs**  
The Rev. and Mrs. Paul Horst, son Devon and daughter Janalee have returned to their home here after a visit in Chicago and various points in Indiana.

## Ernie Pyle Praised By Gen. Bradley At Plaque Dedication

BLOOMINGTON, Ind. (AP)—Gen. Omar Bradley, called "the GI general" in the World War II dispatches of Ernie Pyle, said the late correspondent "had a typewriter with a real soul, and it told our story to the world."

The five-star general, who commanded Allied troops during part of the North Africa and Sicily campaigns, was principal speaker at services dedicating a bronze plaque in honor of Pyle.

### Message From President

Sigma Delta Chi, national professional journalism fraternity, sponsored the ceremonies at Indiana University, which Pyle attended, as part of the national observance of Newspaper Week.

Also on the program, parts of which were broadcast over the National Broadcasting Co., was a transcribed message from President Eisenhower. It said:

"I met Ernie Pyle in the midst of war and counted him my good

friend. His name is a symbol of integrity in his profession, and for all citizens—a living testimony to patriotism."

### Made Loan Lighter

Gen. Bradley said Pyle, who was killed by a Japanese sniper's bullet in 1945 on Ie Shima, "let the people back home know the troubles of the man at the front."

"This was his gift to those at home who wanted to share," Bradley added, "and in doing it he made the loan a little lighter for the fighting man and his family. 'He knew that a dash of judgment is better than a flash of genius. He was a common man with uncommon qualities, and he gained a place in our hearts that shall be everlasting. Perhaps the greatest tribute I can pay him is this: 'My men always fought better when Ernie was around.'"

Pyle, a native of Dana, Ind., was a student editor at I.U. 30 years ago.

## Tall Boston Buildings Kill Migrating Birds

BOSTON (AP) — Hundreds of small birds migrating south from Canada have been killed in collisions with Boston's taller buildings.

The John Hancock Building, Boston's tallest, has claimed an

average of 30 to 40 birds a week since they began migrating.

An Audubon Society official explained the birds, mostly warblers and thrushes, apparently don't judge distances well and attempt to dodge the building's lighted tower by flying beneath it.
